Clark,1995 [Books in Series, 1876-1949](#) R.R. Bowker Company,1982

Researching Human Geography Anna Davies,Keith Hoggart,Loretta Lees,2014-04-04 Researching Human Geography is an essential new text for any geography student about to embark on a research project An understanding of how different theories of knowledge have influenced research methodologies is crucial in planning and designing effective research this book makes this link clear and explores how various philosophical positions from positivism to post structuralism have become associated with particular methodologies The book gives an overview of a wide range of methods and data collection both quantitative and qualitative and explores their strengths and weaknesses for different kinds of research Researching Human Geography also looks at the various techniques available for the analysis of data which is presented as an integral and ongoing part of the research process Clearly written with extensive use of examples from previous research to show methodology in action this new text is an invaluable addition to both the theory and method of research in human geography *Geographies of Globalization* Warwick E. Murray,John Overton,2014-09-15 Geographies of Globalization 2nd edition offers an animated and fully updated exposition of the geographical impacts of globalization and the contribution of human geography to studies and debates in this area Energetic and engaging this book Illustrates how the core principles of human geography such as space and scale lead to a better understanding of the phenomenon Debates the historical evolution of globalized society Analyses the interconnected economic political and cultural geographies of globalization Examines the impact of global transformations on the ground using examples from six continents Discusses the three global crises currently facing the world inequality the environment and unstable capitalism most recently manifested in the Great Recession Articulates a

human geographical framework for progressive globalization and approaching solutions to the problems we face Boxed sections highlight key concepts and innovative work by geographers as well as topical and lively debates concerning current global trends The book is also generously illustrated with a wide range of Figures photographs and maps

Culture/Place/Health Wilbert M. Gesler, Robin A. Kearns, 2005-07-05 *Culture Place Health* is the first exploration of cultural geographical health research for a decade drawing on contemporary research undertaken by geographers and other social scientists to explore the links between culture place and health It uses a wealth of examples from societies around the world to assert the place of culture in shaping relations between health and place It contributes to an expanding of horizons at the intersection of the discipline of geography and the multidisciplinary domain of health concerns *Cities in Time* Ali Madanipour, 2017-02-23 From street markets and pop up shops to art installations and Olympic parks the temporary use of urban space is a growing international trend in architecture and urban design Partly a response to economic and ecological crisis it also claims to offer a critique of the status quo and an innovative way forward for the urban future *Cities in Time* aims to explore and understand the phenomenon offering a first critical and theoretical evaluation of temporary urbanism and its implications for the present and future of our cities The book argues that temporary urbanism needs to be understood within the broader context of how different concepts of time are embedded in the city In any urban place multiple discordant and diverse timeframes are at play and the chapters here explore these different conceptions of temporality their causes and their effects Themes explored include how institutionalised time regulates everyday urban life how technological and economic changes have accelerated the city's rhythms our existential and personal senses of time concepts of memory and identity virtual spaces ephemerality and permanence **International Encyclopedia of Human Geography**, 2019-11-29 *International Encyclopedia of Human Geography* Second Edition Fourteen Volume Set embraces diversity by design and captures the ways in which humans share places and view differences based on gender race nationality location and other factors in other words the things that make people and places different Questions of for example politics economics race relations and migration are introduced and discussed through a geographical lens This updated edition will assist readers in their research by providing factual information historical perspectives theoretical approaches reviews of literature and provocative topical discussions that will stimulate creative thinking Presents the most up to date and comprehensive coverage on the topic of human geography Contains extensive scope and depth of coverage Emphasizes how geographers interact with understand and contribute to problem solving in the contemporary world Places an emphasis on how geography is relevant in a social and interdisciplinary context **Modern Environmentalism** David Pepper, 2002-06 Examining key environmentalist ideas within their social and historical context this book analyses the diverse views within the science nature debate addresses questions of social change and suggests how to establish the desired ecological society
