Change For A Dollar Cfad:

Change For A Dollar Aaron Bebo, 2010-03-16 *Change for a Dollar* is a reality based tale written through the eyes of the author in graphic detail to give the reader a vivid feel for each character scene and situation. It is written in a manner in which it is competitive with the top urban street lit in the market today without the over the top exaggerated style that is often used to bring glamour and glorification to titles in the street lit genre. It is also politically correct in the tones of the lifestyles it describes.

Being the Change Peter Kalmus, 2023-07-14 A plethora of insights about nature and ourselves revealed by one man's journey as he comes to terms with human exploitation of our planet. Dr James Hansen climate scientist and former director of NASA's Goddard Institute for Space Studies. Life on one tenth the fossil fuels turns out to be awesome. We all want to be happy. Yet as we consume ever more in a frantic bid for happiness global warming worsens. Alarmed by drastic changes now occurring in the Earth's climate systems Peter Kalmus a climate scientist and suburban father of two embarked on a journey to change his life and the world. He began by bicycling growing food meditating and making other simple fulfilling changes. Ultimately he slashed his climate impact to under a tenth of the US average and became happier in the process. *Being the Change* explores the connections between our individual daily actions and our collective predicament. It merges science spirituality and practical action to develop a satisfying and appropriate response to global warming. Part one exposes our interconnected predicament overpopulation global warming industrial agriculture growth addicted economics a sold out political system and a mindset of separation from nature. It also includes a readable but authoritative overview of climate science. Part two offers a response at once obvious and unprecedented mindfully opting out of this broken system and aligning our daily lives with the biosphere. The core message is deeply optimistic living without fossil fuels is not only possible it can be better. In this timely and provocative book Peter Kalmus points out that changing the world has to start with changing our own lives. It's a crucial message that needs to be heard. John Michael Greer author of *After Progress* and *The Retro Future*.
