Diary Of An Uncivil War The Violent Aftermath Of The Kosovo Conflict:

Diary of an Uncivil War Scott Taylor, 2002 Canadian author soldier and journalist writes on the Kosovo conflict **The Coming Balkan Caliphate** Christopher Deliso, 2007-06-30 The Balkans the gateway between East and West are also Europe's soft underbelly a rough neighborhood where organized crime and terrorism present a constant threat This eye opening book details how 15 years of misguided Western interventions political scheming and local mafia appeasement compounded by a massive infusion of Arab cash fundamentalist Islamic preaching and mosque building have allowed radical Islamic groups to fill in the cracks between internal ethnic and religious schisms and take root in key areas of the Balkans With all eyes currently focused on the widening conflict in the Middle East and the terrorist threat coming from the region the West is in danger of overlooking a potent new battleground in the greater war on terror the Balkans This historically volatile region saw some of the worst violence of the late 20th century in the Yugoslav Wars of Secession During these conflicts stunningly shortsighted and politically motivated policies of the United States and its allies directly allowed Islamic mujahedin and terrorist related entities to establish a foothold in the region just as with the progenitors of the Taliban a decade earlier in Afghanistan Although the 9 11 attacks caused a partial reassessment of Western policy it may already be too late for a region still largely ignored The proliferation of foreign fundamentalist groups has had a cancerous effect on traditional Balkan Islamic communities challenging their legitimacy in unprecedented and often violent ways Well funded groups like the Saudi backed Wahabbis continue to exploit internal schisms within local communities while the international administrations in Bosnia and Kosovo have actually strengthened the grip of local mafia groups business partners of terrorists Worst of all the Western peacekeepers chronic don't rock the boat mentality has allowed extremist groups to operate unchallenged Nevertheless regional demographic and cultural trends coinciding with an increasingly hostile attitude in the larger Muslim world over Western military actions and perceived symbolic provocations indicate that the lawless Balkans will become increasingly valuable as a strategic base for Islamic radicals over the next two decades Utilizing the post al Qaeda tactics of a decentralized jihad carried out through small independent cells leaderless resistance while seeking to fundamentally and violently remold Muslim societies such Balkan based extremists pose a unique and tangible threat to Western security *The Risk of War* Vasiliki P. Neofotistos, 2012-03-14 The Risk of War focuses on practices and performances of everyday life across ethnonational borders during the six month armed conflict in 2001 between Macedonian government forces and the Albanian National Liberation Army NLA a conflict initiated by the NLA with the proclaimed purpose of securing greater rights for the Albanian community in Macedonia and terminated by the internationally brokered Ohrid Framework Agreement Anthropologist Vasiliki P Neofotistos provides an ethnographic account of the ways middle and working class Albanian and Macedonian noncombatants in Macedonia's capital city Skopje went about their daily lives during the conflict when fear and uncertainty regarding their existence and the viability of the

state were intense and widespread Neofotistos finds that rather than passively observing the international community's efforts to manage the political crisis members of the Macedonian and Albanian communities responded with resilience and wit to disruptive and threatening changes in social structure intensely negotiated relationships of power and promoted indeterminacy on the level of the everyday as a sense of impending war enfolded the capital More broadly The Risk of War helps us better understand how postindependence Macedonia has managed to escape civil bloodshed despite high political volatility acute ethno nationalist rivalries and unrelenting external pressures exerted by neighboring countries **Back from the Front** Aphrodite Matsakis, 2007 **Unsettled Balance** Rosalind Warner, 2015-04-15 Since 9 11 the wars on terror economic crises climate change and humanitarian emergencies have forced decision makers to institute new measures to maintain security Foreign policy analysts tend to view these decisions as being divorced from ethics but Unsettled Balance shows that arguments about rights obligations norms and values have played a profound role in Canadian foreign policy and international relations since the 1990s The contributors to this volume examine a range of topics from funding for climate change adaptation to the militarization of humanitarian aid to collectively explore three key questions What is the meaning of ethics and security and how are they linked To what extent have considerations of ethics and security changed in the twenty first century And what are the implications of a shifting historical context for Canada's international relations Their conclusions are essential reading for anyone who wants to understand not only how Canada responds to global challenges but also why it responds the way it does **Transacting Transition** Keith Brown, 2006 In Transacting Transition scholars and practitioners with first hand knowledge of foreign assistance programs recount what happens when democracy goes local and principles like transparency gender equality interethnic tolerance and cooperation run up against particular realities political agendas self interest and memories of conflict Focused on the former Yugoslavia where the 1990s saw an unprecedented investment of time and energy by a host of international organizations in processes of reconstruction and democracy assistance the contributors offer description and analysis of diagnostic cases of international intervention to explore how the mission and vision of democracy promotion is enacted on the ground Their experiences reflect wider trends in the evolution of U S democracy assistance after the end of the Cold War which has increasingly focused on locally oriented development and civic action as a necessary component of democratic transition In these cases individuals from outside the region found themselves charged with advancing ambitious agendas of social and political change while dealing with the micropolitics of particular situations where for example village solidarity is fractured by old rivalries participation in decision making is habitually restricted by gender or ethnicity or where donors and implementers disagree on the best way forward The book includes an overall introduction and eight chapters focusing on case studies from Kosovo Serbia and Macedonia Each case is described by a participant and put in wider context by a short editorial introduction The book is intended to be broadly accessible to readers and students interested in understanding what is entailed in making grand visions of

democratization work Other Contributors Jeff S Merritt Dennison Lane Paul J Nuti Claire Sneed Sally Broughton Micova Clemson Turregano and Chip Gagnon **Unembedded** Scott Taylor, 2009-07-01 In September 2004 Canadian journalist Scott Taylor was taken hostage in northern Iraq While awaiting execution by beheading he reflected on the events that had brought him to a torture chamber in a remote Iraqi village from his early years as a Canadian Forces infantryman to his later career as a frontline reporter in Africa the former Yugoslavia and in 21 trips to Saddam Hussein's Iraq before during and after the U S led invasion After his kidnapping ordeal Taylor resumed his unembedded war reporting in Afghanistan He recounts his adventures in this action packed and brutally honest memoir With searing criticism Taylor exposes the deceit of the politicians and media cheerleaders who at little cost to themselves are ultimately responsible for waging the senseless wars that cause so much needless suffering for so many innocent people **Balkanica** ,2008 *Among the Others* Scott Taylor, 2004 **Bibliography of Sources on the Region of Former Yugoslavia** Rusko Matulić, 1998 In this second volume Rusko Matulic continues to formulate a comprehensive bibliography of primarily published sources relating to the history languages literature politics government religion and social sciences of former Yugoslavia including bibliographical materials on expatriates
