Daoism in the Twentieth Century David A Palmer, Xun Liu, 2012-03 An interdisciplinary group of scholars explores the social history and anthropology of Daoism from the late nineteenth century to the present focusing on the evolution of traditional forms of practice and community as well as modern reforms and reinventions Essays investigate ritual specialists body cultivation and meditation traditions monasticism new religious movements state sponsored institutionalization and transnational networks Publisher s Web site

Daoism in Modern China Vincent Goossaert, Xun Liu, 2021-05-30 This book questions whether temples and Daoism are two independent aspects of modern Chinese religion or if they are indissolubly linked It presents a useful analysis as to how modern history has changed the structure and organization of religious and social life in China and the role that Daoism plays in this Using an interdisciplinary approach combining historical research and fieldwork this book focuses on urban centers in China as this is where sociopolitical changes came earliest and affected religious life to the greatest extent and also where the largest central Daoist temples were and are located It compares case studies from central eastern and southern China with published evidence and research on other Chinese cities Contributors examine how Daoism interacted with traditional urban social cultural and commercial institutions and pays close attention to how it dealt with processes of state expansion commercialization migration and urban development in modern times This book also analyses the evolution of urban religious life in modern China particularly the ways in which temple communities lay urbanites and

professional Daoists interact with one another A solid ethnography that presents an abundance of new historical information this book will be of interest to academics in the field of Asian studies Daoist studies Asian religions and modern China

The Daoist Tradition Louis Komjathy, 2013-08-22 An introduction to Daoism as a living and lived religion covering key themes and topics as well as its history *The Culture of Leadership in Contemporary China* Paul Michael

Linehan, 2017-12-06 The resurgence of Confucianism Daoism and Buddhism in the context of Chinese leadership values has emerged as a foundation for a new generation of leaders The once in a decade transition of China's leadership witnessed the ascendancy of a consensus oriented fifth generation of leaders supporting a central authoritative figure whose priority will likely include the reconciliation of a waning communist ideology juxtaposed with its ostensible embrace of capitalism How will Chinese Communist Party authority ideology and control address the encroachment of Western values that are centered on Roman law Greek philosophy and Christian religion which prioritizes individual freedom and democracy This book examines the role of traditional Chinese values ideology and philosophy as a key determinant in modern China's leadership succession The author asserts that as communist ideology wanes Chinese leaders will turn to their own traditional values found in Confucianism Daoism and Buddhism to establish legitimacy to rule as they seek to promote Chinese prominence and greatness in the world The author's research assesses China's promotion of its own traditional values in rejecting foreign value influence Since the inception of modern China at the beginning of the 20th century China's leadership transition has evolved from an authoritarian cult like dictatorship to a consensus oriented process In researching this metamorphosis this book offers social political cultural and historical perspectives to demonstrate that Chinese human values and character factors have risen in prominence as key elements in the mandate of Chinese governance and leadership The author concludes that Chinese leadership values and its study and diffusion across sectors of Chinese leadership including business organizations and government have become a means to accentuate Chinese values as a viable alternative to Western claims of absolute and universally accepted values **Filial Piety in Chinese Thought and History** Alan Chan, Sor-Hoon

Tan, 2004-08-02 The phenomenon of filial piety is fundamental to our understanding of Chinese culture and this excellent collection of essays explores its role in various areas of life throughout history Often regarded as the key to preserving Chinese tradition and identity its potentially vast impact on government and the development of Chinese culture makes it extremely relevant and although invariably virtuous in its promotion of social cohesion its ideas are often controversial A broad range of topics are discussed chronologically including Confucianism Buddhism and Daoism making it essential reading for those studying Chinese culture religion and philosophy This is a multi disciplinary survey that combines historical studies with philosophical analysis from an international team of respected contributors
