insights from such diverse contexts as social media newspapers comics police interrogations social and criminal justice settings and museum exhibitions By including contributions from a wide spectrum of academic disciplines and using different methodological approaches it is of particular interest to students and researchers in criminology and sociology as well as to scholars of socio legal studies

Women's Ways of Making Maureen Daly Goggin, Shirley K Rose, 2021-04-21 Women s Ways of Making draws attention to material practices those that the hands perform as three epistemologies an episteme a techne and a phronesis that together give pointed consideration to making as a rhetorical embodied endeavor Combined these epistemologies show that making is a form of knowing that episteme knowing how techne and wisdom making phronesis Since the Enlightenment embodied knowledge creation has been overlooked ignored or disparaged as inferior to other forms of expression or thinking that seem to leave the material world behind Privileging the hand over the eye as the work in this collection does thus problematizes the way in which the eye has been co opted by thinkers as the mind s tool of investigation Contributors to this volume argue that other senses touch taste smell hearing are keys to knowing one s materials Only when all these ways of knowing are engaged can making be understood as a rhetorical practice In Women s Ways of Making contributors explore
