Das Archaische Griechenland:

Das Archaische Griechenland Jean Charbonneau, 1971 Commerce and Monetary Systems in the Ancient World Kordula Schnegg, 2004 This volume forms the proceedings of the Fifth Annual Symposium of the Assyrian and Babylonian Intellectual Heritage Project held in Innsbruck in 2002 Twenty nine specialist contributions focus on the economic aspects of the diffusion and transformation of the cultural heritage of the ancient Near East Eight thematic sections discuss Near Eastern economic theory Mesopotamia in the third millennium BC Mesopotamia and the Levant in the first half of the first millennium BC Levant Egypt and the Aegean world during the same time span Greece and Achaemenids Parthians Sasanians and Rome social aspects of this exchange including its affects on religion borders education and cosmology The scope of the papers is wide with subjects including Babylonian twin towns and ethnic minorities archaic Greek aristocrats the Phoenicians and the birth of a Mediterranean society slavery Iron Age Cyprus Seleucid coins the Silk Route and Greek images of the Assyrian and Babylonian kingdoms Sixteen papers in English the rest in German *A World History of the Seas* Michael North, 2021-11-18 Offering an introduction to the world s seas as a platform for global exchange and connection Michael North offers an impressive world history of the seas over more than 3 000 years Exploring the challenges and dangers of the oceans that humans have struggled with for centuries he also shows the possibilities and opportunities they have provided from antiquity to the modern day Written to demonstrate the global connectivity of the seas but also to highlight regional maritime power during different eras *A World History of the Seas* takes sailors merchants and migrants as the protagonists of these histories and explores how their experiences and perceptions of the seas were consolidated through trade and cultural exchange Bringing together the various maritime historiographies of the world and underlining their unity this book shows how the ocean has been a vital and natural space of globalization Carrying goods creating alliances linking continents and conveying culture the history of the ocean played a central role in creating our modern globalized world *Jonas der Eremit von Valaam* Alexandre Berner, 2011 *Faces of Communities* Sabrina Feickert, Anna Haut, Kathrin Sharaf, 2014-09-17 What are the constitutive elements of different forms of social relationships This volume includes contributions from a range of academic disciplines and case studies drawn from different cultures time periods and geographical spaces It does not only focus on practices and semantics of belonging but also takes a closer look at how communities and individual bonds are constantly re negotiated and disrupted The chapters discuss how communities come into being what gives them coherence how they deal with conflicts and challenges to their underlying structures and modes of self representation **From Homer to Solon** , 2022-05-02 The study of Archaic Greece has undergone a fundamental transformation in recent decades Whereas studies up to the 1980s had favoured narratives that converged on the more tangible reality of the Classical period and emphasized radical change the increase in archaeological data and the cultural turn have led to an emphasis on long term developments and continuities After an introduction to the state of research the volume offers a wide range of studies under

the headings Approaches on early Archaic Greece Citizens and Citizen States and Leaders and Reformers ranging from Homer to Solon and circling around the central problem of continuity and change in Archaic Greece *Localism and the Ancient Greek City-State* Hans Beck, 2020-07-31 A Greek historian investigates the importance of local identity in the Mediterranean world in a rare genuinely original book Highly recommended Choice Much as our modern world is interconnected through global networks the ancient Greek city states were a dynamic part of the wider Mediterranean landscape In *Localism and the Ancient Greek World* historian Hans Beck argues that local shifts in politics religion and culture had a pervasive influence in a world of fast paced change Citizens in these communities were deeply concerned with maintaining local identity commercial freedom distinct religious cults and much more Beyond these cultural identifiers there lay a deeper concept of the local that guided polis societies in their contact with a rapidly expanding world Drawing on a staggering range of materials including texts by both known and obscure writers numismatics pottery analysis and archeological records Beck develops fine grained case studies that illustrate the significance of the local experience *Localism and the Ancient Greek City State* builds bridges across disciplines and ideas within the humanities It highlights the importance of localism not only in the archaeology of the ancient Mediterranean but also in today's conversations about globalism networks and migration

The Birth of the Athenian Community Sviatoslav Dmitriev, 2017-10-16 The Birth of the Athenian Community elucidates the social and political development of Athens in the sixth century when as a result of reforms by Solon and Cleisthenes at the beginning and end of the sixth century respectively Athens turned into the most advanced and famous city or polis of the entire ancient Greek civilization Undermining the current dominant approach which seeks to explain ancient Athens in modern terms dividing all Athenians into citizens and non citizens this book rationalizes the development of Athens and other Greek poleis as a gradually rising complexity rather than a linear progression The multidimensional social fabric of Athens was comprised of three major groups the kinship community of the astoi whose privileged status was due to their origins the legal community of the politai who enjoyed legal and social equality in the polis and the political community of the demotai or adult males with political rights These communities only partially overlapped Their evolving relationship determined the course of Athenian history including Cleisthenes establishment of demokratia which was originally and for a long time a kinship democracy since it only belonged to qualified male astoi
