However minimizing the downside risks of aging and ensuring healthy and productive aging will require proactive public policy political leadership and new mindsets across society The report reviews the evidence on demographic transition in EAP and its potential macroeconomic impact It addresses the current policy environment including pensions and social security health and long term care and labor markets to assess the risks of business as usual It also suggests policy directions to promote healthy and productive aging in EAP and emphasizes that aging is not just about older people but requires policy and behavioral change across the life cycle **Official Gazette** Philippines,2006 **Exclusive Social, Polity & Economy Topics for Civil Services (IAS/IPS) Prelims & Mains Exam** Disha Experts,2019-09-02
