

Centuries ago, espionage and clandestine activities played significant roles in many countries' quests to rule over others.

Over more recent times, Clandestine Missions have helped shape intelligence agencies into well-organised covert organisations, maintained by substantial amounts of unaccountable funds.

After uncovering a secret message, Phillip Basso, an Executive Operations Officer from the British Foreign Office, inadvertently becomes involved in a puzzling murder case with links to a secretive Whitehall security organisation and its illicit activities.

Phillip Basso, chief protagonist of *The Secret Salamanca* novel, once again confronts another perilous situation.
