Place-based Learning for the Plate Joel B. Pontius,Michael P. Mueller,David Greenwood,2020-06-08 This edited volume explores 21st century stories of hunting foraging and fishing for food as unique forms of place based learning Through the authors narratives it reveals complex social and ecological relationships while readers sample the flavors of foraging in Portland Oregon feel some of what it s like to grow up hunting and gathering as a person of Oglala Lakota and Shoshone Bannock descent track the immersive process of learning to communicate with rocky mountain elk encounter a road killed deer as a spontaneous source of local meat and more Other topics in the collection connect place food and learning to issues of identity activism spirituality food movements conservation traditional and elder knowledge and the ethics related to eating the more than human world This volume will bring lively discussion to courses on place based learning food studies environmental education outdoor recreation experiential education holistic learning human dimensions of natural resource management sustainability food systems environmental ethics and others **Unseen City** Nathanael Johnson,2016-04-05 It all started with Nathanael Johnson s decision to teach his daughter the name of every tree they passed on their walk to day care in San Francisco This project turned into a quest to discover the secrets of the neighborhood s flora and fauna and yielded more than names and trivia Johnson developed a relationship with his nonhuman neighbors Johnson argues that learning to see the world afresh like a child shifts the way we think about nature Instead of something distant and abstract nature becomes real all at once comical annoying and beautiful This shift can add tremendous value to our lives and it might just be the first step in saving the world No matter where we live city country oceanside or mountains there are wonders that we walk past every day *Unseen City* widens the pinhole of our perspective by allowing us to view the world from the high altitude eyes of a turkey vulture and the distinctly low altitude eyes of a snail The narrative allows us to eavesdrop on the comically frenetic life of a squirrel and peer deep into the past with a ginkgo biloba tree Each of these organisms has something unique to tell us about our neighborhoods and chapter by chapter *Unseen City* takes us on a

journey that is part nature lesson and part love letter to the world's urban jungles With the right perspective a walk to the subway can be every bit as entrancing as a walk through a national park Rural development Kristof Van

Assche, Anna-Katharina Hornidge, 2023-09-04 This book offers a unique perspective on rural development by discussing the most influential perspectives and rendering their risks and benefits visible The authors do not present a silver bullet Rather they give students researchers community leaders politicians concerned citizens and development organizations the conceptual tools to understand how things are organized now which development path has already been taken and how things could possibly move in a different direction Van Assche and Hornidge pay special attention to the different roles of knowledge in rural development both expert knowledge in various guises and local knowledge Crafting development strategies requires understanding how new knowledge can fit in and work out in governance Drawing on experiences in five continents the authors develop a theoretical framework which elucidates how modes of governance and rural development are inextricably tied A community is much better placed to choose direction when it understands these ties **Nature**

Spirituality From the Ground Up Lupa, 2016-01-08 Nature Spirituality from the Ground Up invites you to go beyond simply exploring the symbols of nature and encourages you to bury your hands in the earth and work with the real thing This is a book on green spirituality that makes a difference empowering you to connect with totems as a part of your spiritual life Uniquely approaching totems as beings we can give to rather than take from Lupa shows how orienting yourself this way deepens your spiritual connection to the earth and helps you rejoin the community of nature And while most books on totems focus on animals Nature Spirituality from the Ground Up helps you work with interconnected ecosystems of totems plants fungi minerals waterways landforms and more **The Front Yard War** Wred Fright, 2025-01-19 Jane Carcrashski is getting

a divorce Jane Carcrashski is looking for a new career Jane Carcrashski is getting good at hiding her nervous breakdown But one thing Jane Carcrashski is not doing is cutting the grass You see her estranged husband says he'll do it and she's making sure he keeps his word Unfortunately he's real busy so he hasn't had time to do it but he says he'll be over tonight If not tonight then the next day OK maybe this weekend Well something came up so next weekend In the meantime the grass is growing and we're past No Mow May into Angry Neighbors And Government Code Violations June and Jane is thrust into an armed standoff with local government goons fueled by a group of misfits drawn to her growing grass including a property rights extremist who maybe only loves his rights slightly more than his guns a native plants enthusiast who feels guilty about finding dandelion sandwiches so damn delicious a yard artist who thinks Jane's yard just needs a few more inflatable flamingos and it would look better and a digital druid who dislikes clothing and insists on live streaming his intense naked conversations with the plants in Jane's yard Remember the Alamo Remember Waco Remember Attica Remember how the Harpers Ferry raid ended Also remember when Harper's Ferry used to have an apostrophe OK enough digression let's get back to the main point Remember when Philadelphia dropped a bomb on a bunch of militant vegetarians No Well none of

those had happy endings Jane s still hoping for one here but that s only probably because she s drunk If you like novels such as The Monkey Wrench Gang then you re probably on a government watchlist but you ll also likely enjoy reading The Front Yard War **Midwest Foraging** Lisa M.
