Dangerous Liaisons Blacks Gays And The Struggle For Equality:

Dangerous Liaisons Eric Brandt, 1999 *Dangerous Liaisons* provides a platform for the leading minds of both communities including thinkers who straddle both worlds to debate the volatile subject of the relationship between African Americans and homosexuals. It includes writing on minority relations by well known historians, political analysts, activists, writers and philosophers. They address such timely issues as recent high profile hate crimes against blacks and gays, racism in gay and lesbian rights organizations, homophobia in the black church, the shift in highest rate of infection of HIV from the gay community to the black community and stereotypes in books and films. *Black Sexual Politics* Patricia Hill Collins, 2004-08-02 In *Black Sexual Politics*, one of America's most influential writers on race and gender explores how images of Black sexuality have been used to maintain the color line and how they threaten to spread a new brand of racism around the world today.

The Expanding Boundaries of Black Politics Georgia A. Persons, 2017-09-04 This volume joins the preceding volumes in this distinguished series in presenting contemporary research by leading political scientists addressing topics of interest to those concerned with African American affairs. It captures the expanding boundaries of black politics and the persistent interests of the black community at large. The anchoring symposium, *The Expanding Boundaries of Black Politics*, presents the scholarship of a cadre of young black political scientists actively engaged in the critical tasks of moving forward the study of black politics. Their concerns include expanding the boundaries of black politics along the lines of epistemology and methodology, especially in regard to core issues and areas within this field. In an introductory essay by Todd Shaw, the work of these scholars is situated within the context of temporal shifts in scholarly emphases. Overlapping issues and concerns across time as well as black political scholarship as defined in the field since its beginning are addressed. The second part of this volume, entitled *Maximizing the Black Vote: Recognizing the Limits of Electoral Politics*, concentrates on serious, lingering social concerns. These include the policy significance of black mayors, affecting the concomitant impact of the black vote, the boundaries being pushed concerning the conjunction of black theology and sexual identity, a gendered analysis of familial policies and the deepening social and economic plight of young black males, including felon disenfranchisement. *The Expanding Boundaries of Black Politics* carries forth the search for an understanding of the relationship between religion, the black church and black political behavior, cross racial group coalitions as concerns matters of immigration, growing multiculturalism and the impact on black politics, maximizing the impact of the black vote, focusing on voting rights enforcement, the black vote in presidential elections and the voice of the Congressional Black Caucus.

An Examination of Black LGBT Populations Across the United States Juan Battle, Antonio (Jay) Pastrana, Jr., Angelique Harris, 2016-12-21 This book utilizes personal narratives and survey data from over 2,100 respondents to explore the diversity of experiences across Black LGBT communities within the United States. The authors document and celebrate many of the everyday strengths and strategies employed by this extraordinary population to navigate and negotiate their daily lives.

Everyday Violence against Black and Latinx LGBT Communities Siobhan Brooks, 2020-12-05 In *Everyday Violence against Black and Latinx LGBT Communities* Siobhan Brooks argues that hate crimes and violence against Black and Latinx LGBT people are the products of institutions and ideologies that exist both outside and inside of Black and Latinx communities Brooks analyzes families educational systems healthcare industries and religious spaces as institutions that can perpetuate and transform the political and cultural beliefs and attitudes that engender violence toward LGBT Black and Latinx people

Queer Airwaves: The Story of Gay and Lesbian Broadcasting Phylis W Johnson, Michael C Keith, 2014-12-18 This book is both a retrospective history of the gay community's use of electronic media as a way of networking and creating a sense of community and an examination of the current situation an analysis and critical assessment of gay lesbian electronic media Keith and Johnson use original interviews and oral history to delineate the place of electronic media in the lives of this increasingly visible and vocal minority in America

Troubling Intersections of Race and Sexuality Kevin K. Kumashiro, 2001 In recent years researchers have considerably expanded our understanding of the experiences of students of color and of students who are gay lesbian bisexual transgendered and questioning ie Queer They have provided us with rich resources for addressing racism and heterosexism however few have examined the unique experiences of students who are both queer and of color and few have examined the heterosexist or white centered nature of anti racist or anti heterosexist education respectively What of the students and educators who live and teach at the intersection of race and sexuality By combining autobiographical accounts with qualitative and quantitative research on queer students of different racial backgrounds these essays not only trouble the ways we think about the intersections of race and sexuality they also offer theoretical insights and educational strategies to educators committed to bringing about change
