Dal Lago, Enrico Dal Lago, 2014-10-28 Through a range of case studies from eastern and western Europe this book breaks new ground in investigating the extent to which European peoples living within Europe were also subjected to the ideologies and practices of colonialism **Italy in the Second Half of the 19th Century: Bridging New Cultures** Francesca Cadel, Paola Nastri, 2024-01-24 A period of turmoil uncertainty and fears the second half of the nineteenth century in Italy is also characterized by resilience creativity courageous discussions on the emancipation of women and a variety of cultural products that are instrumental for the birth of a new and modern culture that will lead to the achievements of the twentieth century Contributing to and expanding on recent scholarships on Italian literature of the nineteenth century the book presents a series of literary interdisciplinary and intercultural case studies These case studies explore the social and cultural dimensions of the period investigating the historical literary artistic cultural and social events of the time while probing their significance and relevance in bridging new Italian cultures **Darkest Italy** J. Dickie, 1999-08-19 Stereotypical representations of the Mezzogiorno are a persistent feature of Italian culture at all levels John Dickie analyzes these stereotypes in the post Unification period when the Mezzogiorno was widely seen as barbaric violent or irrational an Africa on the European continent *A Great Conspiracy against Our Race* Peter G. Vellon, 2014-10-03 In *A Great Conspiracy against Our Race* Peter Vellon explores how Italian immigrants a once undesirable and swarthy race assimilated into dominant white culture through the influential national and radical Italian language press in New York City Racial history has always been the thorn in America's side with a swath of injustices slavery lynching segregation and many other ills perpetrated against black people This very history is complicated by and also dependent on what constitutes a white person in this country Many of the European immigrant groups now considered white also had to struggle with their own racial identities Examining the press as a cultural production of the Italian immigrant community this book investigates how this immigrant press constructed race class and identity from 1886 through 1920 Their frequent coverage of racially charged events of the time as well as other topics such as capitalism and religion reveals how these papers constructed a racial identity as Italian American and white *A Great Conspiracy against Our Race* vividly illustrates how the immigrant press was a site where socially constructed categories of race color civilization and identity were reworked created contested and negotiated Vellon also uncovers how Italian immigrants filtered societal pressures and redefined the parameters of whiteness constructing their own identity This work is an important contribution to not only Italian American history but America's history of immigration and race [Traveling Irishness in the Long Nineteenth Century](#) Marguérite Corporaal, Christina Morin, 2017-07-20 Exploring the effects of traveling migration and other forms of cultural contact particularly within Europe this edited collection explores the act of traveling and the representation of traveling by Irish men and women from diverse walks of life in the period between Grattan's Parliament 1782 and World

War I 1914 This was a period marked by an increasing physical and cultural mobility of Irish throughout Britain Continental Europe the Americas and the Pacific Travel was undertaken for a variety of reasons during the Romantic period the Grand Tour and what is now sometimes referred to as medical tourism brought Irish artists and intellectuals to Europe where cultural exchanges with other writers artists and thinkers inspired them to introduce novel ideas and cultural forms to their Irish audiences Showing this impact of the nineteenth century Irish across national borders and their engagement with global cultural and linguistic traditions the volume will provide novel insights into the transcultural spheres of the arts literature politics and translation in which they were active **Architecture, Death and Nationhood** Hannah

Malone, 2017-04-28 In the nineteenth century new cemeteries were built in many Italian cities that were unique in scale and grandeur and which became destinations on the Grand Tour From the Middle Ages the dead had been buried in churches and urban graveyards but in the 1740s a radical reform across Europe prohibited burial inside cities and led to the creation of suburban burial grounds Italy's nineteenth century cemeteries were distinctive as monumental or architectural structures rather than landscaped gardens They represented a new building type that emerged in response to momentous changes in Italian politics tied to the fight for independence and the creation of the nation state As the first survey of Italy's monumental cemeteries the book explores the relationship between architecture and politics or how architecture is formed by political forces As cities of the dead cemeteries mirrored the spaces of the living Against the backdrop of Italy's unification they conveyed the power of the new nation efforts to construct an Italian identity and conflicts between Church and state Monumental cemeteries helped to foster the narratives and mentalities that shaped Italy as a new nation [The Italian](#)
