Come With Me Through Revelation:

Come with Me Through Revelation David Pawson, 2008-10 As a history book the Bible is unique telling us about the future as well as the past To become obsessed with either is to evade life's challenges Both perspectives are needed to live over the circumstances of the present The book of Revelation focuses on the future and can produce two reactions among Christians some cannot get into it and others cannot get out of it We need a more balanced view of its significance After all it is the only book in the whole Bible to which God has attached a special blessing and an awful curse It was written for ordinary people under extraordinary pressure Suffering is the key to its understanding It is a manual for martyrdom As history draws to a close all Christians need its message of warning and encouragement *Come with me through revelation* J. David Pawson, 2008 Where is Jesus now? David Pawson, 2015-10-12 Why is the Ascension such a neglected area of biblical teaching What exactly happened How did the disciples react Why did Jesus go back to heaven What did he do next What is he doing now How does all this connect with our lives today David Pawson explains why the Ascension of Jesus can still be a source of inspiration to every Christian believer *By God, I Will* David Pawson, 2013-02-28 It must bewilder many Christians that teachers and preachers using the same Bible can come up with so many different interpretations and more particularly applications of God's Word One of the main reasons for this confusion is their handling of the word covenant which is so fundamental to scripture The two key questions are how many covenants has God made with human beings and how many of these apply to Christians today Some say there is only one the covenant of grace running right through scripture though they might add a second a covenant of works which applied only to Adam in Eden Most think there are two the old and the new corresponding to the Old and the New Testaments a synonym for covenant Others claim to have found seven though they usually call them dispensations This author believes there are five which are basic to the story of our redemption the Noahic Abrahamic Mosaic Davidic and Messianic Only one of these is old and therefore obsolete only one is new but endorses the other three With this insight we can rightly divide the word of truth 2 Timothy 2:15 NIV has correctly handle See if you agree **Loose Leaves from My Bible** David Pawson, 2012-02-01 David Pawson has been teaching others the Bible for over forty years Often during this time when wanting to communicate God's truth more effectively and to breathe fresh life into familiar scripture verses he would paraphrase passages of the Bible into colloquial English *Loose Leaves from my Bible* contains a selection of David Pawson's most popular paraphrases with notes about their origin Passages from Genesis Psalms Ecclesiastes Habakkuk Luke and John are included together with the complete books of Jude and Galatians **Remarriage is Adultery Unless...** David Pawson, 2013-02-01 Consecutive polygamy as many husbands or wives as you like but only one at a time is now an accepted norm in contemporary society Hardly surprising since the social legal moral and financial restraints holding marriages together for a lifetime have been steadily eroded in a relativist age where anything goes What is surprising is that divorce and remarriage are becoming as common inside the church as outside

even among Christian leaders and especially in the Evangelical stream Believers have been outspoken about such issues as abortion and homosexuality though their Lord Jesus said nothing about either He did say quite a lot about the subject of this book but there is either a reluctance to take his teaching at face value or an eagerness to enlarge his exception until it becomes the rule This volume primarily appeals to those for whom the Bible is the final authority in all matters of belief and behaviour especially those who preach to teach and counsel others The author believes that the church should be leading the world uphill rather than following the world downhill David Pawson has a worldwide teaching ministry particularly for church leaders He is known to many through Christian broadcasting and is the author of numerous books JESUS David Pawson,2012-02-01 Taking the middle section of the Apostles Creed as the framework David explains the fundamental fact about Jesus on which the Christian faith is based in a fresh and stimulating way Both old and new Christians will benefit from this back to basics call and find themselves falling in love with their Lord all over again **Meditations for Layfolk** Bede Jarrett O.P.,Aeterna Press, For a great many of the laity Catholic life consists simply in the Sunday Mass the occasional sacraments and daily prayers and this narrow practice they would defend as though it were all that they were in virtue of their state called upon to show Now it is surely to be regretted that the whole treasury of the Church which is most needed just by those whose busy lives are crammed with material interests should be left to the hands of so small a proportion of her children Is it any wonder that prayers become listless and uninteresting that Mass itself develops into routine that the sacraments become badges of respectability or at the most professions of faith The real inner life which Christ came to endow with fuller life shrivels up **The State of Aloneness in which the Soul of Man Abides in Its Existence Wholly Spiritual** Isaac Newton Mast,1924 **Sceptics of Islam** Ralph M. Coury,2018-02-26 Arab debates about the critical relationship between religion and modernity began in the early nineteenth century Such debates are now integral to the struggle for power between a variety of political groups and their opponents and are vital to understanding the modern Middle East This unique volume introduces writings of Arab Christian and Muslim revisionist and radical free thinkers who have tried to redefine the relationship It challenges the deeply entrenched idea that the contemporary Islamic world has been impermeable to a critique of religious ideas and practices Authors from the nineteenth century to the present are included Some are avowed believers even if they adopt positions many might regard as heretical others are openly agnostic and atheistic Despite their differences all have been united in disputing the notion that life should conform exclusively to a system of values and laws based upon the Qur'an or the Bible or in some cases less radically upon these as they were widely understood before the onset of modernity They have also rejected many of the standard religious liberal assumptions that are regularly invoked against traditionalism The book's originality lies in its evaluation of the social and cultural impact of these thinkers
