Adventures in Opting Out Cait Flanders, 2020-09-15 Opt out of expectations and live a more intentional life with this refreshing guide from the national bestselling author of *The Year of Less* We all follow our own path in life At least that s what we re told In reality many of us either do what is expected of us or follow the invisible but well worn paths that lead to what is culturally acceptable For some those paths are fine even great But they leave some of us feeling disconnected from ourselves and what we really want When that discomfort finally outweighs the fear of trying something new we re ready to opt out After going through this process many times Cait Flanders found there is an incredible parallel between taking a different path in life and the psychological work it takes to summit a mountain especially when you decide to go solo In *Adventures in Opting Out* she offers a trail map to help you with both As you ll see reaching the first viewpoint can be easy and it offers a glimpse of what you re walking toward Climbing to the summit for the full view is worth it But in the space between those two peaks you will enter a world completely unknown to you and that is the most difficult part of the path to navigate With Flanders s guidance and advice drawn from her own journey and stories of others you ll have all the encouragement and insight you ll need to take the path less traveled and create the life you want Just step up to the trailhead and expect it to be an adventure
