**Tradition and Theology in St John Cassian** A. M. C. Casiday, 2006-11-30 Though the monastic writings of St John Cassian have been enduringly popular his reputation not least as a theological author has been seriously compromised A M C Casiday begins with an evaluation of conventional ideas about Cassian and finding them seriously flawed offers the first sustained attempt at re-reading Cassian's works for their theological significance Specific attention is called to the Christological aspects of Cassian's monastic anthropology Throughout reference is made to Cassian's contemporaries both well known figures like Augustine of Hippo Evagrius Ponticus Vincent of Lérins and Nestorius and lesser known figures such as Prosper of Aquitaine Valerian of Cimiez and Paul of Tamma in order to offer an analysis of Cassian's writings and their significance that is unencumbered by anachronism

Reading Matthew with Monks Derek A. Olsen, 2015 In Reading Matthew with Monks Derek Olsen seeks to evaluate whether early medieval monastic biblical interpreters can serve as effective conversation partners for modern readers who are committed to broadening their reading of Scripture Olsen puts the interpretations of four modern Scripture commentaries in conversation with Irfan of Eynsham's medieval monastic interpretations of four texts from the Gospel of Matthew In so doing he clarifies early medieval interpretive contexts and assesses their usefulness in modern scholarship As outsiders in modern critical debates Irfan and his sources may provide alternative approaches or perspectives that open interpretive possibilities where modern interpreters are locked in disagreement Early medieval monastic interpreters can serve as excellent guides for understanding the potential for moral spiritual or formative meanings of a biblical text They can help modern readers who are attempting to conform their lives to the biblical text

**A A Psalter for Prayer: Annotated Edition**, 2023-07-11 A Psalter for Prayer is the first major English edition to include all the prayers needed to read the Psalter at home according to an Orthodox tradition that reaches back to the time of the desert fathers known popularly as the cell rule In addition the contents include many texts traditionally printed in Orthodox Psalters that are not easily found in English such as the Rite for Singing the Twelve Psalms directions for reading the Psalter for the Departed and much more This digital annotated edition includes endnotes omitted from recent devotional editions Some are rubrical or informational notes but most are intended to help the reader understand why a particular word phrase or verse is used in this English version to translate the Septuagint Greek of Alfred Rahlfs This annotated edition will allow readers to not only judge for themselves the fidelity of A Psalter for Prayer to the received Greek text of the Orthodox Church and to its Latin and Church Slavonic translations but also to better understand how the Psalter as the prayer book of the Church evolved into its present form and what such a book teaches us about the centrality of the psalms in Christian prayer and how to pray them at home and in church

**The Sacred Writings of John Cassian** John Cassian, Cassian

was one of the first and most prominent of the Semi Pelagians maintaining that while man is by nature sinful he yet has some good remaining in him and that while the immediate gift of God's grace is necessary to salvation conversion may also be begun by the exercise of man's will He further asserted that God is always willing to bestow his grace on all who seek it though at the same time it is true that he sometimes bestows it without its being sought These views have been held by a very large part of the church from his time and embrace much of the essence of Arminianism The style of Cassianus is slovenly and shows no literary polish but its direct simplicity is far superior to the rhetorical affectations which disfigure most of the writings of that age At the request of Castor bishop of Apt he wrote two monumental and influential treatises on the monastic life The *De Institutione Coenobiorum* twelve books describes the dress the food the devotional exercises the discipline and the special spiritual dangers of monastic life in the East gluttony unchastity avarice anger gloom apathy vanity and pride The *Collationes Patrum* a series of dialogues with the pious fathers of Egypt deal with the way in which these dangers and others e.g. demons may be avoided or overcome At the desire of Leo then archdeacon of Rome he wrote against Nestorius his *De Incarnatione Domini* in seven books
