Shakespeare's Henry the eighth, with intr. remarks, interpretation of the text, notes &c. and a life of cardinal Wolsey, adapted for scholastic or private study by J. Hunter. (Oxf. exam. scheme). William Shakespeare, 1860

The Shakespeare Phrase Book John Bartlett, 1881 **Shakespeare's Religious Language** R. Chris Hassel Jr., 2015-03-26 Religious issues and discourse are key to an understanding of Shakespeare's plays and poems This dictionary discusses over 1000 words and names in Shakespeare's works that have a religious connotation Its unique word by word approach allows equal consideration of the full nuance of each of these words from abess to zeal It also gradually reveals the persistence the variety and the sophistication of Shakespeare's religious usage Frequent attention is given to the prominence of Reformation controversy in these words and to Shakespeare's often ingenious and playful metaphoric usage of them Theological commonplaces assume a major place in the dictionary as do overt references to biblical figures biblical stories and biblical place names biblical allusions church figures and saints **A Body of Divinity** Thomas Ridgley, 1855

Theologia Reformata John Edwards, 1713 **The Fall and the Ascent of Man** Joseph Fitzpatrick, 2012-02-16 In this groundbreaking work Joseph Fitzpatrick challenges the traditional interpretation of chapter three of Genesis the story of Adam and Eve in Eden This narrative was imposed on the Christian West but not the East through the genius of Augustine of Hippo and came to dominate Catholic and Protestant theology Fitzpatrick points to weaknesses in Augustine's interpretation of the Genesis story before providing a revolutionary interpretation of his own Fitzpatrick claims that this story is about nothing less than hominisation Far from being an account of the original sin against God it is in fact a symbolic tale about the ascent of a hominid couple to full human consciousness Aided by modern anthropology Fitzpatrick is able to enter into the mentality of the ancient Hebrews and adopt a literary approach to the biblical text by comparing it with the Babylonian Epic of Gilgamesh In *The Fall and the Ascent of Man* he clears away the clutter of centuries and lets us see the famous tale for what it is the story of the emergence of humankind on the face of the earth first in nature then in history This book provides the key for a new interpretation of the early chapters of Genesis within a new understanding of Judaeo Christian salvation history By offering a biblical account of human sinfulness Fitzpatrick hopes to draw Western theology closer to that of the Orthodox East and point the way forward for Christian theology in the twenty first century **Jones Readers by Grades**

Lewis Henry Jones, 1904 **A Body of Doctrinal Divinity** John Gill, 2016-06-14 In this work John Gill argues for the existence and characteristics of the triune God These arguments are all given from a heavily Calvinist perspective but he uses a lot of scripture to back up his claims He also argues that the character of God is shown through his work on Earth by the elect and most importantly through Christ These characteristics then carry on in the final stages of life when human beings pass away and move on to heaven or hell *The Cyclopedia of Practical Quotations, English and Latin*, 1890

Angels and Belief in England, 1480-1700 Laura Sangha, 2015-10-06 This study looks at the way the Church utilized

the belief in angels to enforce new and evolving doctrine Angels were used by clergymen of all denominations to support their particular dogma Sangha examines these various stances and applies the role of angel belief further to issues of wider cultural and political significance
