Chrysoprase The Chalcedony Chronicles Book 2:

Chronicles of the End Times Mark Davidson, 2018-10-05 Mark Davidson author of *Daniel Revisited* has created a unique interpretation of end time Bible prophecy using the ancient concentric reading method known as chiasmics. Lost centuries ago it was rediscovered by seminary scholars in the eighteenth century. This reading method reveals the form of the scripture text via the flow of its words, giving us a heightened sensitivity to the words in the text. When combined with the words' meanings, we receive a greater understanding of prophetic scripture. In *Daniel Revisited*, Davidson showed us the four signposts: four events prophesied in Daniel 7 and 8 and Revelation 6 to occur in the Middle East prior to the Rapture and Tribulation. Now in *Chronicles of the End Times*, chiastic reading has been applied to all of Daniel, Revelation, and other books, pulling back the veil further to expand our view from four events to all the main events from the Middle East to the ends of the earth. A chiastic reading of Daniel, Zechariah 1, 6, Matthew 23, 25, and Revelation, all shown in ninety illustrations, yields many solid answers to the following questions as well as to many others: How do Daniel 2 and 7 interact and why are the kingdoms, metals, and beasts? What's the purpose of Daniel's Aramaic chapters and how do they affect the end times? Which parts of Daniel 11 are to be fulfilled in ancient times versus end times? What is the real identity of Mystery Babylon and how does this help us in the end times? How do the two scrolls of Revelation give greater understanding of the trumpets and bowls? What are the Seven Events of the end times and which one is next? This all may seem incredible for one book but is nevertheless true. The chiastic reading of Bible prophecy revolutionizes our view of the end times and how we read Bible end time prophecy.

To its contemporaries the event was a journey and the men who took part in it pilgrims. Only later were those participants dubbed Crusaders: those signed with the Cross. In fact many developments with regard to the First Crusade like the bestowing of the cross and the elaboration of Crusaders' privileges did not occur until the late twelfth century, almost one hundred years after the event itself. In a greatly expanded second edition, Edward Peters brings together the primary texts that document eleventh-century reform, ecclesiology, the appearance of new social groups and their attitudes, the institutional and literary evidence dealing with Holy War and pilgrimage, and most important, the firsthand experiences by men who participated in the events of 1095-1099. Peters supplements his previous work by including a considerable number of texts not available at the time of the original.
