De Spoorwegstakingen Van 1903 Een Spiegel Der Arbeidersbeweging In Nederland:

De Spoorwegstakingen van 1903 A. J. C. Rüter, 2024-04-02 Jewish Workers and the Labour Movement Karin Hofmeester, 2017-05-15 During the late nineteenth century many Jewish workers and intellectuals considered their integration into the general labour movement as a good way to counter the double disadvantage they suffered in society as Jews and workers Whilst in Amsterdam this process encountered few obstacles it was more problematical in London and Paris Through a detailed examination of the collaborative efforts of Jewish labour in these three cities Jewish Workers and the Labour Movement reveals the multi layered and unique position of Jewish workers in the labour market It shows how various factors such as economic change political upheaval state intervention and anti Semitism all affected the pace of integration and draws conclusions that highlight the similarities as well as the differences between the efforts of Jewish workers to improve their lot in France Britain and Holland **Dwarsliggers** Ivo Zandhuis, 2022-03-14 Op 6 april 1906 na de middagpauze begeleidde de cavalerie werkwillige werklieden naar de Centrale Werkplaats van de Hollandsche IJzeren Spoorwegmaatschappij in Haarlem Die ochtend hadden de vakbonden het spoorwegpersoneel opgeroepen om gansch het raderwerk stil te leggen en in opstand te komen tegen de antistakingswetten van de Nederlandse regering Meer dan de helft van de werklieden van de Centrale Werkplaats gaf aan deze oproep gehoor Maar binnen enkele dagen gingen de meesten weer aan het werk Wat speelde zich af in de toentertijd grootste fabriek van Haarlem En waarom ging de ene werkman wel staken en de andere niet In deze publiëksuitgave van zijn proefschrift geeft Ivo Zandhuis antwoord op deze vragen *An Economic and Social History of the Netherlands, 1800-1920* Michael Wintle, 2000-09-21 An Economic and Social History of the Netherlands 1800 1920 provides a comprehensive account of Dutch history from the late eighteenth to the early twentieth century examining population and health the economy and socio political history The Dutch experience in this period is fascinating and instructive the country saw extremely rapid population growth awesome death rates staggering fertility some of the fastest economic growth in the world a uniquely large and efficient service sector a vast and profitable overseas empire characteristic pillarization and relative tolerance Michael Wintle also examines the lives of ordinary people what they ate how much they earned what they thought about public affairs and how they wooed and wed This book will be of central importance to Dutch specialists as well as European historians more generally The Formation of Labour Movements, 1870-1914 Marcel van der Linden, Jürgen Rojahn, 1990 *De spoorwegstakingen van 1903* Adolf Johann Cord Rüter, 1974 *Werklieden bemint uw profijt!* Hendrik Defoort, 2006 Syb Talma (1864-1916) Gerard van Krieken, 2013 Biografie van de hervormde predikant 1864 1916 die zich als Tweede Kamerlid en minister inspande voor betere sociale wetgeving History of the Low Countries J. C. H. Blom, E. Lamberts, 2006-06-01 The history of the smaller European countries is rather neglected in the teaching of European history at university level We are therefore pleased to announce the publication of the first comprehensive history of the Low Countries in English from Roman Times to the present Remaining

politically and culturally fragmented with its inhabitants speaking Dutch French Frisian and German the Low Countries offer a fascinating picture of European history en miniature For historical reasons parts of northern France and western Germany also have to be included in the Low Countries a term that must remain both broad and fluid a convenient label for a region which has seldom if ever composed a unified whole In earlier ages it was even more difficult to set parameters again reflecting Europe as a whole when tribes and kingdoms stretched across expanses not limited to the present states of Belgium Luxembourg and the Netherlands Nevertheless its parts did demonstrate many common traits and similar developments that differentiated them from surrounding countries and lent them a distinct character Internationally the region often served both as a mediator for and a buffer to the surrounding great powers France Britain and Germany an important role still played today as Belgium and the Netherlands have increasingly become involved in the broader process of European integration in which they often share the same interest and follow parallel policies This highly illustrated volume serves as an ideal introduction to the rich history of the Low Countries for students and the generally interested reader alike
