Lillie, Jennifer E. Mack, 2015-03-15 Atop a scenic bluff overlooking the Mississippi River and downtown Dubuque there once lay a graveyard dating to the 1830s the earliest days of American settlement in Iowa Though many local residents knew the property had once been a Catholic burial ground they believed the graves had been moved to a new cemetery in the late nineteenth century in response to overcrowding and changing burial customs But in 2007 when a developer broke ground for a new condominium complex here the heavy machinery unearthed human bones Clearly some of Dubuque s early settlers still rested there in fact more than anyone expected For the next four years staff with the Burials Program of the University of Iowa Office of the State Archaeologist excavated the site so that development could proceed The excavation fieldwork was just the beginning Once the digging was done each summer skeletal biologist Robin M Lillie and archaeologist Jennifer E Mack still faced the enormous task of teasing out life histories from fragile bones disintegrating artifacts and the decaying wooden coffins the families had chosen for the deceased Poring over scant documents and sifting through old newspapers they pieced together the story of the cemetery and its residents a story often surprising and poignant Weaving together science history and local mythology the tale of the Third Street Cemetery provides a fascinating glimpse into Dubuque s early years the hardships its settlers endured and the difficulties they did not survive While they worked Lillie and Mack also grappled with the legal and ethical obligations of the living to the dead These issues are increasingly urgent as more and more of America s unmarked and marked cemeteries are removed in the name of progress Fans of forensic crime shows and novels will find here a real world example of what can be learned from the fragments left in time s wake **Ontario Archaeology** ,2000 **The West Virginia Archeologist** ,1998
