Code Procure Civile 2016 107e:

A Model Civil Procedure Code for England and Wales John Sorabji, 2024-10-14 Civil procedure law is integral to our understanding of access routes to justice dispute resolution and ultimately the rule of law However the field is rapidly changing shifting dispute resolution away from courts and judgments towards other legal pathways such as negotiation mediation arbitration and Ombudsman Similarly the increasing digitisation of society and looming potential of AI will profoundly influence future reforms Civil justice is thus at a critical turning point In response John Sorabji proposes a new model civil procedure code for England and Wales Building on the work of the ALI UNIDROIT Principles of Transnational Civil Procedure and the ELI UNIDROIT Model European Rules of Civil Procedure he articulates a simplified principle based seventeen part approach that covers all major stages from issue to enforcement with sections on costs and funding provisional measures access to evidence and privileges case statements hearings and dispute management Highlighting that civil courts are just one part of a wider civil justice ecosystem Sorabji promotes the wealth of avenues available for dispute resolution and charts how these should be co ordinated in the future He outlines new ways to efficiently incorporate breakthroughs in digitisation and preventive and consensual forms of justice and also explores likely shifts in the purpose of procedural codes as digitisation evolves while underscoring the consistent need for judicial independence and accountability Ultimately Sorabji posits that procedural codes should guide not only the process of litigation but those who design digital procedures and test their propriety in the future

Genuine Use of Trademarks Eléonore Gaspar, 2021-08-18 This book addresses the issue of trademark use that may be required for the protection and or maintenance of trademark rights Since the first edition of this book in 2018 there have been significant modifications in some countries particularly following the implementation of EU Directive 2015 2436 in the EU countries Laws around the world do not attach the same consequence to the lack of use of a trademark and courts do not always assess in the same way whether a trademark is genuinely used This is a fundamental issue for trademark owners since depending on the jurisdiction lack of genuine use can lead to the refusal of trademark registration the revocation of trademark rights or prevent the owner of a non used trademark from initiating an action based on its trademark This detailed analysis provides clarity insight and guidance on the legal issues and practical implications of genuine use of trademarks in twenty six jurisdictions worldwide This book was developed within the framework of the International Association for the Protection of Intellectual Property AIPPI a non affiliated non profit organization dedicated to improving and promoting the protection of intellectual property at both national and international levels This topic was the subject of an AIPPI study and its subsequent Resolution The Requirements of Genuine Use of Trademarks for Maintaining Protection 2011 Hyderabad which aims to harmonize this issue of genuine use of trademarks The authors of the chapters for each jurisdiction were carefully selected based on their extensive experience and in depth knowledge of trademark
