The Assassination of JFK Robert A. Wagner, 2017-03-07 The Assassination of JFK Perspectives Half a Century Later is the result of a reconciliation of widely divergent views of the assassination and who was responsible For more than fifty years the JFK assassination has ignited impassioned argument from those who believe the Warren Commission's conclusion that one man Lee Harvey Oswald acted alone in killing President John F Kennedy and those who believe that the assassination was spearheaded by the KGB Castro the mob anti Castro revolutionaries the military complex the CIA or even Kennedy's successor Lyndon Baines Johnson to name only a few The conspiracy theories are almost too numerous to list and even include the fervent belief that Kennedy's body was stolen prior to autopsy on the very evening of the assassination for the purpose of doctoring the body to frame Oswald Bob Wagner digs into the enormous record of the assassination created by two government investigations and thousands of books and articles written by investigators researchers and historians Bob describes the divergent views as being akin to two groups dividing the pieces of a jigsaw puzzle in half and attempting to produce complete pictures with their incomplete pieces Once all the puzzle pieces are organized and properly fit together however as Bob's painstaking work shows a real picture emerges and the truth comes into focus Bob thoroughly reviews the head spinning morass of fact conjecture and conspiracy theories regarding the assassination of JFK and makes them understandable to those knowing little about the assassination much less all of the conspiracy theories that abound The Assassination of JFK Perspectives Half a Century Later presents the clearest case against Arlen Specter's infamous single bullet theory while also demonstrating why it is clear that Lee Harvey Oswald fired the only shots in Dealey Plaza on November 22 1963 Visit JFKassassinationperspectives.com for more information and to comment

J.F.K. COLD WAR ASSASSINATION Marc Birnbaum, 2025-08-28 This book explores John Fitzgerald Kennedy during the Cold War and his much too brief Presidency Decades after the assassination as the public largely disbelieved many of the conclusions of the Warren Commission Congress passed the President John F Kennedy Assassination Records Collection Act of 1992 directing the assembly and release of secret files from the National Archives and Records Administration no later than twenty five years after enactment or October 26 2017 As some of these documents became publicly available my interest was drawn as I began to recall my emotions at the time of the assassination One particular document was written on November 24 1963 by J Edgar Hoover the Director of the FBI two days after the assassination It was a two page memo to file written within a few hours of Lee Harvey Oswald being shot by Jack Ruby in the garage of the Dallas Police Department and a week before the establishment of the Warren Commission Referring to the investigation that would come Hoover dictated The thing I am concerned about is having something issued so we can convince the public that Oswald is the real assassin This tells us how before the Warren Commission was announced the Director of the FBI was not interested in the truth but rather to convince America and the world of a narrative allowing a cover up of critical facts Looking at some of that history the writing began and I wanted to know more about the world realities of the Cold War and JFK's experiences and contributions with three terms in the House of Representatives from 1947 to 1953 United States Senator from 1953 to 1960 and President from 1961 to 1963 The book explores JFK and his contributions and confrontations through the Cold War the defeat of Richard Nixon for President the space race the Bay of Pigs summit meeting with Khrushchev in Vienna the Berlin Wall construction the Cuban Missile Crisis Nuclear Test Ban Treaty and the reassessment of Vietnam The loss of John Fitzgerald Kennedy is a loss to history and what could have been We can only imagine

Who Murdered Diana? Stephen Ubaney, To write this book more than 3 900 hours of investigation went into examining new evidence to answer the following five questions Who hated the Princess Who wanted her dead Why did they want her dead Who cooperated in the coverup and who profited from the murder To answer those questions the book also solves these riddles and many others Why did the American Secret Service have 1100 pages of transcription of Diana's phone conversations Why did it take Diana's ambulance almost 2 hours to get her to a hospital 4 miles away Why did the French police gather eyewitness testimony to the crash and then discard it Why did they clean up the crash site so quickly after Diana was pronounced dead Why was Mercedes Benz blocked by both governments from inspecting the car for

defects Why did the Mercedes kill its passengers at speeds lower than its crash test rating Why has no one investigated the concrete pillar to officially determine the angle of impact Who gave the order to break British law and wait from 1997 until 2007 to do an inquest Why were all of the traffic cameras in and around the tunnel turned off the night of the crash If that wasn't enough to garner your interest in this book ask yourself a simple logical question Have you ever been threatened for witnessing a car accident To date at least seven witnesses have either been assaulted or had had their lives threatened for witnessing Diana's fatal crash Forget everything you have ever heard about Diana's death and prepare to be fascinated This book will not disappoint you *The Assassinations* James DiEugenio, Lisa Pease, 2003-02-01 Probing deep into four hidden histories the material released should dispel any notions of lone nuts or coincidence These articles cut a clear path through the thick jungle of disinformation that has grown around these events and expose the truly hideous teratomas that thrive and bloom under the canopy of national security New York Press
