understand early Confucianism First he traces Dewey s late period cultural turn in more detail and then proceeds to assess Dewey s visit to China in 1919 21 as a multifaceted intra cultural episode one that includes not only what Dewey taught his Chinese audiences but also what he learned in China and what we stand to learn from this encounter today Dewey in China provides an opportunity to continue establishing specific philosophical relationships between Dewey and Confucian thought for the purpose of getting ourselves back in gear with contemporary thinking in the social and natural sciences To this end Behuniak critically assesses readings of early Chinese thought reliant on outdated Greek medieval assumptions paying particular attention to readings of early Confucianism that rely heavily on Western virtue ethics such as the Heaven s plan reading Topics covered include education tradition ethics the family human nature and religiousness thus engaging Dewey with themes generally associated with Confucian thought Attacking the distinction of Eastern versus Western philosophical cultures these volumes create a detailed intra cultural Deweyan Chinese thought on many levels at once Using Dewey to reinterpret the Daoist and Confucian traditions from their sources Behuniak weaves an intra cultural philosophical trajectory that stretches from the sixth century BCE China to Columbia University in New York City The result is one of the philosophical masterpieces of our time Robert Cummings Neville Professor Emeritus of Philosophy Religion and Theology Boston University
