

CONFUCIUS TO CUMMINGS

AN ANTHOLOGY OF POETRY

edited by

Ezra Pound and Marcella Spann

Confucius To Cummings Confucius To Cummings

J Ma

Confucius To Cummings Confucius To Cummings:

Confucius to Cummings Ezra Pound, Marcella Spann, 1964 Confucius to Cummings Ezra Pound, Marcella Spann, 1964 Nearly a hundred poets are represented a number of them in Pound's translations with emphasis on the Greek Latin Chinese Troubadour Renaissance and Elizabethan poets *Confucius to Cummings* Marcella Spann, 1970

Confucius to Cummings; An Anthology of Poetry. Edited by Ezra Pound Marcella Spann, 1964 *Encountering Buddhism in Twentieth-Century British and American Literature* Lawrence Normand, Alison Winch, 2013-10-24 *Encountering Buddhism in Twentieth Century British and American Literature* explores the ways in which 20th century literature has been influenced by Buddhism and has been in turn a major factor in bringing about Buddhism's increasing spread and influence in the West Focussing on Britain and the United States Buddhism's influence on a range of key literary texts will be examined in the context of those societies evolving modernity Writers discussed include T S Eliot Hermann Hesse Virginia Woolf Jack Kerouac Allen Ginsberg J D Salinger Iris Murdoch Maxine Hong Kingston This book brings together for the first time a series of context rich interpretations that demonstrate the importance of literature in this ongoing cultural change in Britain and the United States Super Schoolmaster Robert Scholes, David Ben-Merre, 2021-01-01 Once described by T S Eliot as first and foremost a teacher and campaigner Ezra Pound has received no shortage of critical attention *Super Schoolmaster* suggests that Pound still has quite a bit to teach readers in the twenty first century particularly amid increasing threats to the humanities and higher education Robert Scholes and David Ben Merre illuminate Pound's contradictory career of innovative poetics and reactionary politics by following his extensive thinking about teaching and learning within and beyond the academy Given how scornful Pound could be of institutionalized schooling the book's title may feel like a misnomer however *Super Schoolmaster* makes clear how wholeheartedly this modernist icon believed in the importance and vitality of learning Pound's brief flirtation with becoming a professional academic ended early on but his entire life's work can be seen as an immense pedagogical lesson promoting a living breathing culture tied to the very fabric of contemporary life Not to ignore his critics who have taught the necessity of reading against Pound Scholes and Ben Merre propose that to reread Pound now is to celebrate the joy of learning while always remaining mindful of the ultimate perils of his example Ezra Pound's Chinese Friends Zhaoming Qian, 2008-02-21 No literary figure of the past century in America or perhaps in any other Western country is comparable to Ezra Pound in the scope and depth of his exchange with China To this day scholars and students still find it puzzling that this influential poet spent a lifetime incorporating Chinese language literature history and philosophy into Anglo American modernism How well did Pound know Chinese Was he guided exclusively by eighteenth to nineteenth century orientalists in his various Chinese projects Did he seek guidance from Chinese peers Those who have written about Pound and China have failed to address this fundamental question No one could do so just a few years ago when the letters Pound wrote to his Chinese friends were sealed or had not been found This book brings together 162

revealing letters between Pound and nine Chinese intellectuals eighty five of them newly opened up and none previously printed Accompanied by editorial introductions and notes these selected letters make available for the first time the forgotten stories of Pound and his Chinese friends They illuminate a dimension in Pound s career that has been neglected his dynamic interaction with people from China over a span of forty five years from 1914 until 1959 This selection will also be a documentary record of a leading modernist s unparalleled efforts to pursue what he saw as the best of China including both his stumbles and his triumphs

The Serpent and the Fire Jerome Rothenberg,2024-10-22 Jerome Rothenberg s final anthology an experiment in omnipoetics with Javier Taboada reaches into the deepest origins of the Americas north and south to redefine America and its poetries The Serpent and the Fire breaks out of deeply entrenched models that limit American literature to work written in English within the present boundaries of the United States Editors Jerome Rothenberg and Javier Taboada gather vital pieces from all parts of the Western Hemisphere and the breadth of European and Indigenous languages within a unique range of cultures and languages going back several millennia an experiment in what the editors call an American omnipoetics The Serpent and the Fire is divided into four chronological sections from early pre Columbian times to the immediately contemporary and five thematic sections that move freely across languages and shifting geographical boundaries to underscore the complexities conflicts contradictions and continuities of the poetry of the Americas The book also boasts contextualizing commentaries to connect the poets and poems in dialogue across time and space

Pound's Cavalcanti David Anderson,2014-07-14 This book makes available the entire range of Ezra Pounds studies and translations of the technically complex philosophical poems of the thirteenth century Florentine Guido Cavalcanti Dante s first friend and artistic rival Originally published in 1983 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905
