Constitutional Law For Dummies Author Glenn Smith Dec 2011:

The Enemy Within David Horowitz, 2021-04-06 *The Enemy Within* is a book for all patriots who understand that our country is in a fight for its life. MARK LEVIN *America on the Brink* A questionable election The president of the United States illegally impeached twice and silenced The First Amendment hanging by a thread The national heritage under attack Mob violence America is on the brink of becoming a one party dictatorship How did this happen *The Enemy Within* How a Totalitarian Movement Is Destroying America provides the answer David Horowitz has been the bête noire of the Left for decades on account of his courageous revelations of their aims and tactics and now he sounds the alarm the barbarians are already inside the gates Horowitz lays out how we have ended up in the worst national crisis since the Civil War He details The Left's embrace of Critical Race Theory and Cultural Marxism the underpinnings of their totalitarian ideology The decades long infiltration of our education system by ideologies hostile to America our institutions and our freedom Why the Obama administration marked a point of no return in the division of America into two irreconcilable political factions The Democrats unprincipled campaign to destroy a duly elected U.S. president Their political exploitation of the coronavirus pandemic Their complicity in the riots of the summer of 2020 which left twenty five dead injured two thousand police officers caused billions of dollars in property damage and revealed the fragility of our civic order As Abraham Lincoln so presciently warned on the eve of America's last existential crisis If destruction be our lot we must ourselves be its author and finisher As a nation of freemen we must live for all time or die by suicide In *The Enemy Within* David Horowitz provides a spot on assessment of the threat to the American Republic and points to an escape route while there's still time *Keeping the Republic* Christine Barbour, Gerald C. Wright, 2018-11-23 *Keeping the Republic* gives students the power to examine the narrative of what's going on in American politics distinguish fact from fiction and balance from bias and influence the message through informed citizenship *Keeping the Republic* draws students into the study of American politics showing them how to think critically about who gets what and how while exploring the twin themes of power and citizenship Students are pushed to consider how and why institutions and rules determine who wins and who loses in American politics and to be savvy consumers of political information The thoroughly updated Ninth Edition considers how a major component of power is who controls the information how it is assembled into narratives and whether we come to recognize fact from fiction Citizens now have unprecedented access to power the ability to create and share their own narratives while simultaneously being even more vulnerable to those trying to shape their views The political landscape of today gives us new ways to keep the republic and some high tech ways to lose it Throughout the text and its features authors Christine Barbour and Gerald Wright show students how to effectively apply the critical thinking skills they develop to the political information they encounter every day Students are challenged to deconstruct prevailing narratives and effectively harness the political power of the information age for themselves Up to date with 2018 election results and analysis as well as the impact of recent

Supreme Court rulings shifting demographics and emerging and continuing social movements Keeping the Republic Ninth Edition is a much needed resource to help students make sense of politics in America today Also available as a digital option courseware Contact your rep to learn more about Keeping the Republic Ninth Edition Vantage Digital Option
