Constructing And Reconstructing Childhood Contemporary Issues In The Sociological Study Of Childhood

Trisha Maynard, Nigel Thomas

Constructing And Reconstructing Childhood Contemporary Issues In The Sociological Study Of Childhood:

Constructing and Reconstructing Childhood Allison James, Alan Prout, 1997 First published in 1997 Routledge is an imprint of Taylor Francis an informa company **Constructing and Reconstructing Childhood** Allison James, Alan Prout, 2015-05-08 When the first edition of this seminal work appeared in 1990 the sociology of childhood was only just beginning to emerge as a distinct sub discipline Drawing together strands of existing sociological writing about childhood and shaping them into a new paradigm the original edition of this Routledge Classic offered a potent blend of ideas that informed even inspired many empirical studies of children s lives because it provided a unique lens through which to think about childhood Featuring a collection of articles which summarised the developments in the study of childhood across the social sciences including history psychology sociology anthropology feminist and developmental studies scholars and professionals from developed and developing countries world wide shared their knowledge of having worked and of working with children Now with a new introduction from the editors to contextualise it into the 21st century this truly ground breaking text which helped establish childhood studies as a distinctive field of enquiry is being republished

Constructing and Reconstructing Childhood Allison James, Alan Prout, 1989 **Constructing and Reconstructing Childhood** A. James, 1990-09-01 *An Introduction to Early Childhood Studies* Trisha Maynard, Nigel Thomas, 2009-06-03 This multi professional book is just what is needed for students and practitioners as it raises important issues and challenges and invites dialogue and reflection in a reader friendly way Tina Bruce Freelance Consultant The second edition of this best selling textbook provides students and practitioners with a broad introduction to the main theories and issues within the field of early childhood studies The book adopts a multi disciplinary approach and pulls together all the key themes involved in the study of young children and childhood and successfully demonstrates how these can be translated into real life practice Written by a team of leading academics and practitioners this is a lively and engaging textbook illustrated throughout with student friendly features such as real life case studies and guides for further reading The chapters cover all key aspects of the curriculum including the sociololgy of childhood child health child development and the realities of working with children This thoroughly updated and revised new edition also includes completely new chapters on research with children and leadership in early year settings It is a core text for all those involved in the study of childhood particularly undergraduates in the fields of child social care social work social policy and education It is also an invaluable resource for practitioners and policy makers working with children *Education and Constructions of Childhood* David Blundell, 2012-01-12 Education and Constructions of Childhood considers the social construction of childhood through the institutions of education and schooling Grounded in a strong conceptual theoretical framework this accessible text will guide the reader through this evolving area Reflective exercises chapter summaries and useful websites will encourage and support student learning and the application of new concepts Education and Constructions of Childhood is essential reading for undergraduate and postgraduate students

on Education Studies and related courses *The Social Study of Childhood* Sally McNamee, 2019-10-10 Historically children were often understood in relation to their development towards adulthood but the new paradigm of childhood studies has since shown how they should be taken more seriously as active participants in their own lives Studying childhood is not just a question of research on children but increasingly a practice of research with them With this new paradigm having now come of age Sally McNamee offers a comprehensive overview of the current state of childhood studies and its history Taking a thematic approach she looks at how issues such as rights and citizenship the state the family school work leisure health and globalisation shape and are shaped by children *The Social Study of Childhood* is an accessible introduction for students from a variety of disciplinary backgrounds such as childhood studies sociology psychology social work and education With reflection points for discussion and suggestions for further reading at the end of each chapter it is an engaging and stimulating account of how and why children's voices deserve to be heard in today's world *Child-centred Foster Care* Annabel Goodyer, 2011 This book sets out a child-centred approach to foster care which argues against thinking about children purely from a psychological perspective and instead places children's views rights and needs at the centre of care It sets out the theory behind working with children who are fostered and discusses children's views about the fostering system

Law and Childhood Studies Michael Freeman, 2012-03-08 Current Legal Issues like its sister volume Current Legal Problems now available in journal format is based upon an annual colloquium held at University College London Each year leading scholars from around the world gather to discuss the relationship between law and another discipline of thought Each colloquium examines how the external discipline is conceived in legal thought and argument how the law is pictured in that discipline and analyses points of controversy in the use and abuse of extra legal arguments within legal theory and practice *Law and Childhood Studies* the fourteenth volume in the Current Legal Issues series offers an insight into the state of law and childhood studies scholarship today Focussing on the inter connections between the two disciplines it addresses the key issues informing current debates *Childhood Studies* Jean Mills, Richard Mills, 2002-03-11 The nature of childhood the consideration of whether a certain age denotes innocence or not and the desire to teach good citizenship to our children are all issues commonly discussed by today's media This book brings together a variety of perspectives on the study of childhood how this has been treated historically and how such a concept is developing as we move into the next century The book is divided into five main sections part one sets the scene and provides the reader with an overview of attitudes towards childhood part two surveys the contribution of literature from the nineteenth and twentieth centuries part three examines educational issues such as children's play language acquisition and spiritual development part four looks at the representation of children in film television and other mass media part five offers further help for study and research This book draws on a number of academic disciplines including education literature theology language studies and history It will be of particular use to those on Childhood studies courses and all those studying for a teacher qualification Teachers of

children aged between 4 12 years old will find its contribution to their continuing professional development extremely helpful
