Composition Studies As A Creative Art Teaching Writing Scholarship Administration:

Composition Studies in the New Millennium Lynn Z. Bloom, Donald A. Daiker, Edward Michael White, 2003

Composition, Creative Writing Studies, and the Digital Humanities Adam Koehler, 2017-01-26 In an era of blurred generic boundaries multimedia storytelling and open source culture creative writing scholars stand poised to consider the role that technology and the creative writer's playful engagement with technology has occupied in the evolution of its theory and practice *Composition Creative Writing Studies and the Digital Humanities* is the first book to bring these three fields together to open up new opportunities and directions for creative writing studies Placing the rise of Creative Writing Studies alongside the rise of the digital humanities in *Composition Rhetoric* Adam Koehler shows that the use of new media and its attendant re-evaluation of fundamental assumptions in the field stands to guide Creative Writing Studies into a new era Covering current developments in composition and the digital humanities this book re-examines established assumptions about process genre authority authorship and pedagogical practice in the creative writing classroom

Composition Studies As A Creative Art Lynn Bloom, 1998-06 This is a book about the creative dynamics that arise from the interrelation of writing teaching writing and ways of reading and the scholarship and administrative issues engendered by both To regard composition studies as a creative art is to engage in a process of intellectual or aesthetic free play and then to translate the results of this play into serious work that yet retains the freedom and playfulness of its origins The book is fueled by a mixture of faith in the fields that compose composition studies hope that the efforts of composition teachers can make a difference and a sense of community in its broadest meaning

Experimental Writing in Composition Patricia Suzanne Sullivan, 2012-12-15 From the outset experimental writing has been viewed as a means to afford a more creative space for students to express individuality underrepresented social realities and criticisms of dominant socio-political discourses and their institutions Yet the recent trend toward multimedia texts has left many composition instructors with little basis from which to assess these new forms and to formulate pedagogies In this original study Patricia Suzanne Sullivan provides a critical history of experimental writing theory and its aesthetic foundations and demonstrates their application to current multimodal writing Sullivan unpacks the work of major scholars in composition and rhetoric and their theories on aesthetics particularly avant-gardism She also relates the dialectics that shape these aesthetics and sheds new light on both the positive and negative aspects of experimental writing and its attempts to redefine the writing disciplines Additionally she shows how current debates over the value of multimedia texts echo earlier arguments that pitted experimental writing against traditional models Sullivan further articulates the ways that multimedia is and isn't changing composition pedagogies and provides insights into resolving these tensions

Writing at the State U Emily Isaacs, 2018-02-21 *Writing at the State U* presents a comprehensive empirical examination of writing programs at 106 universities Rather than using open survey calls and self-reporting Emily Isaacs uses statistical analysis to show the extent to which established principles of writing

instruction and administration have been implemented at state comprehensive universities the ways in which writing at those institutions has differed from writing at other institutions over time and how state institutions have responded to major scholarly debates concerning first year composition and writing program administration Isaacs's findings are surprising state university writing programs give lip service to important principles of writing research but many still emphasize grammar instruction and a skills based approach classes continue to be outsized faculty development is optional and orientation toward basic writing is generally remedial As such she considers where a closer match between writing research and writing instruction might help to expose and remedy these difficulties and identifies strategies and areas where faculty or writing program administrators are empowered to enact change Unique in its wide scope and methodology *Writing at the State U* sheds much needed light on the true state of the writing discipline at state universities and demonstrates the advantages of more frequent and rigorous quantitative studies of the field *New Writing Scholarship* Graeme Harper, 2025-02-12 This book provides engaging insights into the evolution and scope of the critical study of creative writing The wide range of chapters included reveals analyzes done as the field of Creative Writing Studies further emerged and grew across the world The book explores investigative methods and pedagogical thinking that has excitingly shaped and is shaping the critical and practice led study of creative writing particularly in higher education This volume is relevant for both students and scholars interested in creative writing particularly those who are interested in creative writing teaching and learning The chapters in the book were originally published as articles and editorials in the *New Writing* journal and are accompanied by a new Introduction and Conclusion and a Foreword by well known Creative Writing Studies scholar Dianne Donnelly *The Seven Deadly Virtues and Other Lively Essays* Lynn Z. Bloom, 2008 This volume contains eye opening essays from a pioneering voice in creative nonfiction and composition studies Inspirational educator and writer Bloom brings to fore the trials and triumphs she has experienced in coming of age as a scholar teacher wife mother grandmother and most especially a writer A pioneer in composition studies and a chronic nonconformist Bloom is a lifelong advocate of opportunity authenticity and expression Taking a stance in favor of bold creativity in living teaching and the act of writing that ties both together she warns against the snares and sneers of the seven deadly virtues duty rationality conformity efficiency order economy and punctuality that so often subvert the mission of education and the potential of expressive communication Ranging from the comic to the confessional Bloom's memoir interweaves the pleasures and problems of a forbidden marriage and complex family the joys of cooking and travel the struggles to become a professor in an era that rejected women faculty and the risks of heeding the siren call of creative nonfiction These fifteen essays probe the assumptions and values ethical intellectual social aesthetic and inevitably political of what Bloom has found to be the most complicated challenging satisfying aspects of her loves and labors *Writers Without Borders* Lynn Z. Bloom, 2008-07-02 In *Writers Without Borders* Writing and Teaching Writing in Troubled Times Lynn Z Bloom presents groundbreaking research on the nature of essays and on the political philosophical

ethical and pragmatic considerations that influence how we read write and teach them in times troubled by terrorism transgressive students and uses and abuses of the Internet Writers Without Borders reinforces Bloom s reputation for presenting innovative and sophisticated research with a writer s art and a teacher s heart Each of the eleven essays addresses in its own way the essay itself as one way to live and learn with others *Teachers on the Edge* John Boe,David Masiel,Eric Schroeder,Lisa Sperber,2017-02-17 For over 25 years the journal Writing on the Edge has published interviews with influential writers teachers and scholars Now Teachers on the Edge The WOE Interviews 1989 2017 collects the voices of 39 significant figures in modern writing studies forming an accessible survey of the modern history of rhetoric and composition In a conversational style Teachers on the Edge encourages a remarkable group of teachers and scholars to tell the stories of their influences and interests tracing the progress of their contributions This engaging volume is invaluable to graduate students writing teachers and scholars of writing studies Feminism Beyond Modernism Elizabeth A.
