Composer And Nation The Folk Heritage In Music:

Composer and Nation ,1976 *Composer and Nation* Sidney Walter Finkelstein,1989 A new edition of a work equally useful to the student of music and the lover of music Composer and Nation Sidney Finkelstein,1960 Study of nationalism in music and the use of folk and popular music by the great composers from the 17th century to the present **Composer and Nation** Sidney Finkelstein,1989 Sidney Finkelstein s contribution to the understanding of music with *Composer and Nation* is unusual in some respects and well worth presenting again to a new audience Only rarely have recent music writers looked at long spans of history With the proliferation of scholars and the ever increasing historical detail available from their work the task of compiling a one volume history of music is formidable Well written and intended for both the amateur as well as the musician this volume approaches a time span of 300 years from 1700 to the present The presentation avoids detailed analysis of works and does not aim at complete coverage of historical detail Instead Finkelstein surveys major details of what is usually called the modern era from an unpretentious sociological premise namely that musical values and the relationship of the composer to society are reflected in the musical works It follows then that the structure and texture of the work would reflect the composer s view of society and that important musical events offer insight into contemporary social and historical currents Finkelstein presents an outline of the era from the viewpoint of the musical sociologist His lively writing style in the best tradition of the amateur and his observation post removed from the usual musicological context make this new edition a welcome addition to musical and sociological literature **The Cambridge Companion to Vaughan Williams** Alain Frogley,Aidan J. Thomson,2013-11-14 A comprehensive reassessment of this towering figure of twentieth century music examining works cultural context and reception in Britain and beyond **Encyclopedia of the Romantic Era 1760-1850** Christopher John Murray,2013-05-13 In 850 analytical articles this two volume set explores the developments that influenced the profound changes in thought and sensibility during the second half of the eighteenth century and the first half of the nineteenth century The Encyclopedia provides readers with a clear detailed and accurate reference source on the literature thought music and art of the period demonstrating the rich interplay of international influences and cross currents at work and to explore the many issues raised by the very concepts of Romantic and Romanticism **The Cambridge Companion to Gershwin** Anna Harwell Celenza,2019-08-22 Explores how Gershwin s iconic music was shaped by American political intellectual cultural and business interests as well as technological advances **Vaughan Williams and His World** Byron Adams,Daniel M. Grimley,2024-05-31 A biography of Ralph Vaughan Williams published in collaboration with the Bard Music Festival Ralph Vaughan Williams 1872 1958 was one of the most innovative and creative figures in twentieth century music whose symphonies stand alongside those of Sibelius Nielsen Shostakovich and Roussel After his death shifting priorities in the music world led to a period of critical neglect What could not have been foreseen is that by the second decade of the twenty first century a handful of Vaughan Williams s scores would attain

immense popularity worldwide Yet the present renown of these pieces has led to misapprehension about the nature of Vaughan Williams s cultural nationalism and a distorted view of his international cultural and musical significance Vaughan Williams and His World traces the composer s stylistic and aesthetic development in a broadly chronological fashion reappraising Vaughan Williams s music composed during and after the Second World War and affirming his status as an artist whose leftist political convictions pervaded his life and music This volume reclaims Vaughan Williams s deeply held progressive ethical and democratic convictions while celebrating his achievements as a composer *Focus: Music, Nationalism, and the Making of a New Europe* Philip V. Bohlman, 2010-09-13 Focus Music Nationalism and the Making of the New Europe surveys the intersection of music and nationalism by tracing its historical development and documenting its persistence today Contrasting different types of music reveals how music expresses core ideas of nationalism for example folk music in the nineteenth century and popular music in the twenty first **Excursions in World Music, Seventh Edition** Bruno Nettl, 2016-08-05 Excursions in World Music is a comprehensive introductory textbook to world music creating a panoramic experience for students by engaging the many cultures around the globe and highlighting the sheer diversity to be experienced in the world of music At the same time the text illustrates the often profound ways through which a deeper exploration of these many different communities can reveal overlaps shared horizons and common concerns in spite of and because of this very diversity The new seventh edition introduces five brand new chapters including chapters by three new contributors on the Middle East South Asia and Korea as well as a new chapter on Latin America along with a new introduction written by Timothy Rommen General updates have been made to other chapters replacing visuals and updating charts statistics Excursions in World Music remains a favorite among ethnomusicologists who want students to explore the in depth knowledge and scholarship that animates regional studies of world music A companion website is available at no additional charge For instructors there is a new test bank and instructor s manual Numerous student resources are posted including streamed audio tracks for most of the listening guides interactive quizzes flashcards and an interactive map with pinpoints of interest and activities An ancillary package of a 3 CD set of audio tracks is available for separate purchase PURCHASING OPTIONS Paperback 9781138101463 Hardback 9781138688568 eBook and mp3 file 9781315619378 Print Paperback Pack Book and CD set 9781138666443 Print Hardback Pack Book and CD set 9781138666436 Audio CD 9781138688032 See VitalSource for various eBook options mp3 audio compilation not available for separate sale
