Devastating Society The Neo Conservative Assault On Democracy And Justice:

Devastating Society Bernd Hamm, 2005-02-20 United in their opposition to the neo conservatism underpinning America's current political strategies the contributors offer a grounded critique of the real impact that these policies make at home and abroad Starting with a close analysis of the Bush administration and the neo conservative hold on power in Washington they move on to a broader historical analysis They set today's topical issues in the context of what they see as a gradual shift towards the right in American politics and the creeping corporatisation of American society The contributors show that September 11 was used by the Bush administration to clamp down on civil liberties at home and to step up an aggressive line in foreign policy The impact on American society and societies elsewhere has been deeply damaging Ranging over this and other topics including the US economy corporate crime and anti environmentalism this book is ideal for anyone who wants a critical introduction to current affairs issues set within the broader context of America's history of foreign interventions and global capitalism

The Politics of Childhoods Real and Imagined Priscilla Alderson, 2015-11-23 The second volume of Priscilla Alderson's popular and renowned book *Childhoods Real and Imagined* relates dialectical critical realism to childhood By demonstrating their relevance and value to each other Alderson presents a practical introductory guide for applying critical realism to research about children and young people Each chapter summarises key themes from several academic disciplines and policy areas ranging from climate change and social justice between generations to neoliberalism social reform and imagining utopias Children's and adults' views and experiences are reviewed and whereas the first volume deals with more personal and local aspects of childhood this volume widens the scope into debates about global politics which so seldom mention children Each chapter demonstrates how children and young people are an integral part of the whole of society and are often especially affected by policies and events This book is written for everyone who is researching studying or teaching about
