Collected Papers On Alexander The Great:

Collected Papers on Alexander the Great Ernst Badian, 2012-03-12 Professor Ernst Badian 1925 2011 was one of the most influential Alexander historians of the twentieth century His first articles on the subject appeared in 1958 and he continued for a full fifty years to reshape scholarly perception of the reign of Alexander the Great A steady output of articles was reinforced by lectures and reviews in his own formidable style Badian's earliest work transformed understanding of aspects of the Roman Republic and he continued to work on that area throughout his career but his series of studies of Alexander the Great which he deliberately never summed up in a synoptic work demolished the hero of his predecessors such as Droysen and Tarn whom he regarded as starry-eyed hero worshippers and created an Alexander on the model of a twentieth-century tyrant The Alexander who was a ruthless killer of his rivals and those who disagreed with him a mass murderer in his conquests and perhaps even an incompetent imperialist has superseded the Alexander whose mission it was to bring Greek civilization to the ends of the earth These essays and articles provide a new layer in the interpretation of a figure who has not ceased to fascinate since his death in 323 BC Many of these articles were published in out-of-the-way journals and conference volumes and are brought together here for the first time in a collection which will provide student and scholar with a view of the full range of Badian's work on Alexander Certain ephemeral pieces and all reviews except one have been excluded by the wish of the author The twenty-seven articles included were all revised by the author before his death but there has been no other editorial intervention The volume also includes a portrait and an introduction by Eugene Borza surveying Badian's career and contribution No one who works on Alexander the Great can afford to be without this book

The Demades Papyrus (P.Berol. inv. 13045) Davide Amendola, 2022-10-03 Despite the significance of its contents the so-called Demades papyrus P Berol inv 13045 has received scarce scholarly attention since the 1923 edition princeps by Karl Kunst This unique late second-century BCE document of almost 430 lines was found in the Egyptian chora but it is supposed to have been written in Alexandria where it probably served as a textbook for the highest level of rhetorical education Besides shedding new light on its find circumstances and physical aspects the volume offers a full re-edition and commentary of the two adespota texts contained in it namely a eulogy of the Lagid monarchy and a historical work consisting of a dialogue between Demades and his prosecutor in the trial of 319 BCE at the court of Pella The aim of the accompanying introduction is to address the question of the origin nature and purpose of such fragments and of the collection itself as well as to show to what extent the papyrus contributes to a better understanding of some of the main historical events of the early Hellenistic period This book is thus meant to fill a significant gap in Classical scholarship all the more so as a close investigation of most of the topics dealt with therein has hitherto been lacking

Alexander's Marshals Waldemar Heckel, 2016-08-05 This substantially revised and updated second edition of *The Marshals of Alexander's Empire* 1992 examines Alexander's most important officers who commanded army units and were involved in military and political

deliberations Chapters on these men have been expanded giving greater attention to personalities bias in the sources and the social as well as military setting including more on familial connections and regional origins in an attempt to create a better understanding of factions The major confrontations military and political are treated in greater detail within the biographies and a discussion of the organization and command structure of the Makedonian army has been added **Collected papers** Henry Fairfield Osborn,1900 *Ancient Historiography on War and Empire* Timothy Howe,Sabine Müller,Richard Stoneman,2016-11-30 In the ancient Greek speaking world writing about the past meant balancing the reporting of facts with shaping and guiding the political interests and behaviours of the present Ancient Historiography on War and Empire shows the ways in which the literary genre of writing history developed to guide empires through their wars Taking key events from the Achaemenid Persian Athenian Macedonian and Roman empires the 17 essays collected here analyse the way events and the accounts of those events interact Subjects include how Greek historians assign nearly divine honours to the Persian King the role of the tomb cult of Cyrus the Founder in historical narratives of conquest and empire from Herodotus to the Alexander historians warfare and financial innovation in the age of Philip II and his son Alexander the Great the murders of Philip II his last and seventh wife Kleopatra and her guardian Attalos Alexander the Great s combat use of eagle symbolism and divination Plutarch s juxtaposition of character in the Alexander Caesar pairing as a commentary on political legitimacy and military prowess and Roman Imperial historians using historical examples of good and bad rule to make meaningful challenges to current Roman authority In some cases the balance shifts more towards the literary and in others more towards the historical but what all of the essays have in common is both a critical attention to the genre and context of history writing in the ancient world and its focus on war and empire The Collected Papers of J. L. Moles - Volume 1 John Marincola,2023-05-08 J L Moles 1949 2015 made fundamental contributions to the fields of ancient especially Cynic philosophy Greek and Roman historiography and biography Latin poetry and New Testament studies These two volumes gather together all of his major articles and reviews along with six previously unpublished papers The papers display Moles individual and sometimes iconoclastic approach his impressive range in both Classical and New Testament texts and his unrivalled abilities in close reading This is volume 1 Ancient Macedonia Carol J.
