Dance Of The Chameleon:

The Standing Dead Ricardo Pinto, 2003-03 At the heart of The Three Lands there is a paradise filled with beauty and wonders of all kinds A lush and vibrant place it stands in sharp contrast to the baseness and squalor of the world outside the walls of Osrakum But this beauty comes at a cost The Masters who rule the world are driven by sadistic dreams and mythic charms They use their vast powers to leech the resources of the world unto themselves to create an artificial haven where they play out twisted games of power amid a decadent splendor Within the inner circle of power lies a glittering court where the royal houses plot vile atrocities and madness and bestiality hold sway The Masters are nothing less than gods in this realm and their plans or whims can bring either perfect pleasure or death Young Carnelian has spent his entire life in exile with his father a nobleman who rejected the evil ways of his people and fled to the ends of the known world But forces conspired to change all that and Carnelian returned to his homeland He is a sheep among wolves and it has taken every ounce of his strength to resist the temptations of power that threaten to seduce his very soul What Carnelian could never have imagined was that he would fall in love with none other than Osidian one of the twin Gods ruler of his world or that forces far darker than he thought possible would use him as a weapon When the young lovers are kidnapped by the Empress Ykorian and forced from the safety of the empire it appears that their lives are forfeit But Carnelian and Osidian fall into the hands of barbarians from the southern plain they call the Undersky These raiders manage to elude the legions of the Masters and after enduring terrible hardships they succeed in bringing their prizes home to their tribe Carnelian comes to realize that the world is much more bizarre than he could ever imagine that love can sometimes blind you to things that may destroy you that the simple things the heart can teach you will prove to be the most true And that he holds in his hands the potential to save or doom all of his world The Standing Dead is the powerful sequel to Ricardo Pinto s first novel The Chosen and it continues this unique fantasy series about power eros and madness and the depths a man will go to for love It is the second volume in The Stone Dance of the Chameleon series and he is currently at work on the third Ricardo Pinto resides in Edinburgh Scotland

The Chosen Ricardo Pinto, 2010-09-30 Carnelian is of the Masters cruel beings who rule their kingdom from an earthly paradise hidden in a crater that is the navel of the world Soon after he is born Carnelian s father takes him across the sea to an island in the colourless north Far from the Crater s rituals and pomp their household is allowed to become a family to the boy and the world of the Masters fades to alluring fairy tale In deepest winter years later a ship comes riding before the gales three Masters her only cargo As these giants remove their masks of gold Carnelian is awed by the light that seems to radiate from their skin In formal conclave they ask Carnelian s father to end his exile and return with them to oversee the election of a new God Emperor His father s agreement feeds Carnelian s longing for the world beyond the sea but as the days pass Carnelian watches with growing horror as the ship s needs devour his home The Masters are indifferent imperious concerned only with their blood politics their majesty As his father becomes strangely

powerless Carnelian strives to save his people but when the ship turns her pro towards the stormy sea he knows that he is abandoning them to famine among the ruins of his former home This is the beginning of Carnelian s journey The terror of the tempest yields to the weary grind along the road the climb up the forbidding cliff wall to the Guarded Land and then the frantic rush into the deep south Carnelian s education which began with the starving of his people proceeds with bitter lessons in bloodshed intrigue and betrayal When they finally reach the Canyon of the Three Gates which leads into the Crater Carnelian finds both love and treachery but it is here within the Heaven Wall that he will set in motion the concluding events in a story already ten thousand years old

The Third God Ricardo Pinto,2010-07-31 Amidst the massacre he himself helped bring about Carnelian is now desperate to find a way to avoid more carnage But it is too late for that His spurned lover Osidian seeking revenge and determined to win back his stolen throne has deliberately stoked the wrath of the Masters who rule the world from its centre Osrakum Osidian s actions have stirred into motion political events in Osrakum which threaten to overturn the millennial repressive order of the Commonwealth Carnelian learns that he and those he loves are now inextricably enmeshed in the terrible power game of the Masters If he and they are to survive he has no choice but to play that game himself though he does not know how He has no choice but to stand with Osidian in defiance of the invincible power of the Masters No choice but to take his loved ones deeper into peril In his struggle he will find unlooked for allies and guidance with dreadful motives of its own And ultimately he will unleash apocalyptic forces which will bring him and his world to a reckoning none could have foreseen though it has been simmering for four thousand years

Dance Of The Chameleon Jim R Squadrito,2021-03-26 Dance of the Chameleon A Vietnam Medic s Story is an eyewitness account of both heroic and shameful events occurring during the Vietnam War Decorated medic James Squadrito served in three venues in Vietnam where the experiences he recounts in the book were far too common Rampant drug use among soldiers sex trafficking of Vietnamese women as young as twelve and thirteen years old both on and off base ill trained officers and woefully prepared medics including himself were common realities during the war Jim tells of incidences of soldiers he had to patch up who had shot themselves to get sent home of dead soldiers who were shot by friendly fire in retaliation for their attempts at troop discipline and racial infighting that mirrored the conflicts of the civil rights movement stateside Arms trafficking and drug and artifact smuggling were standard crimes perpetrated by soldiers and officers Fortunately these and

other inglorious moments were counterbalanced by self sacrifice and heroism Jim who chameleonlike changed his colors from the spoiled frat boy to a productive citizen recounts his personal journey of growth from cynicism to spirituality After leaving the service and left scarred by his experiences he would talk with other Vietnam soldiers at vets gatherings These sessions were cathartic for him and provided a motivation to write this book which he hopes will be a source of healing for his comrades who still haven t recovered from the ravages of the Vietnam conflict There are over one hundred thousand medics in the United States who walked the tightrope of saving lives and being pulled into actual combat when enemy troops ignored the Geneva Convention protocols This book is a tribute to them who put the lives of soldiers first above their own
