Dancing On The Stones Selected Essays:

Dancing on the Stones John Treadwell Nichols, 2000 Writings that span more than thirty years and range from idyllic reflections on nature to unmerciful satires on impending Armageddon **Dancing on the Stones** John Nichols, 2000 This new collection of essays gives you the opportunity to know him even more intimately The Environmental Justice Reader Joni Adamson, Mei Mei Evans, Rachel Stein, 2022-02-08 From the First National People of Color Congress on Environmental Leadership to WTO street protests of the new millennium environmental justice activists have challenged the mainstream movement by linking social inequalities to the uneven distribution of environmental dangers Grassroots movements in poor communities and communities of color strive to protect neighborhoods and worksites from environmental degradation and struggle to gain equal access to the natural resources that sustain their cultures This book examines environmental justice in its social economic political and cultural dimensions in both local and global contexts with special attention paid to intersections of race gender and class inequality The first book to link political studies literary analysis and teaching strategies it offers a multivocal approach that combines perspectives from organizations such as the Southwest Network for Environmental and Economic Justice and the International Indigenous Treaty Council with the insights of such notable scholars as Devon Pe a Giovanna Di Chiro and Valerie Kuletz and also includes a range of newer voices in the field This collection approaches environmental justice concerns from diverse geographical ethnic and disciplinary perspectives always viewing environmental issues as integral to problems of social inequality and oppression It offers new case studies of native Alaskans protests over radiation poisoning Hispanos struggles to protect their land and water rights Pacific Islanders resistance to nuclear weapons testing and nuclear waste storage and the efforts of women employees of maquiladoras to obtain safer living and working environments along the U S Mexican border The selections also include cultural analyses of environmental justice arts such as community art and greening projects in inner city Baltimore and literary analyses of writers such as Jimmy Santiago Baca Linda Hogan Barbara Neely Nez Perce orators Ken Saro Wiwa and Karen Yamashita artists who address issues such as toxicity and cancer lead poisoning of urban African American communities and Native American struggles to remove dams and save salmon The book closes with a section of essays that offer models to teachers hoping to incorporate these issues and texts into their classrooms By combining this array of perspectives this book makes the field of environmental justice more accessible to scholars students and concerned readers **Literature and the Environment** George Hart, Scott Slovic, 2004-07-30 The phrase literature and environment only achieved popularity in recent decades yet writers dating back to the explorers of the 1500s and later such 19th century Romanticists as Thoreau have long been addressing environmental issues through literary expression This volume introduces students and educators to the field by tracing the evolution of environmental writing in the United States Chapters written by distinguished scholars offer new perspectives on important environmental issues guiding readers through 11 carefully selected literary works Each chapter

provides brief biographical information on the author discussions of the work s structural thematic and stylistic components and insights into the historical context that relates the work to relevant environmental issues Each chapter concludes with information on works cited The analyzed works cover a wide spectrum of literature and span nearly 100 years Included are early writings such as Mary Austin s 1903 *The Land of Little Rain* and famous groundbreaking works such as Rachel Carson s *Silent Spring* 1962 and Gary Snyder s *Turtle Island* 1974 Also included are frequently assigned works of special interest to students such as *The Monkey Wrench Gang* 1975 *The Earthsea Trilogy* 1977 and *Ceremony* 1977 A list of selected further suggested readings completes the volume Students of literature as well as educators looking for new ways to present social issues will find many ideas and much inspiration in this volume

Getting Over the Color Green Scott Slovic, 2001 Desert vistas are often deemed vacant inhospitable wastelands Don t suggest that to Joy Harjo Pat Mora or other contemporary southwestern writers In these arid stretches often devoid of green today s southwestern writers see pyrotechnic colors and Gothic shapes that excite and often overwhelm the imagination And they capture this excitement in words that fix these desert images in the minds of readers who may too often look at the world through green colored glasses This anthology of contemporary nature writing from the Greater Southwest brings together a host of writers including peers of Edward Abbey such as Charles Bowden and Ann Zwinger and representatives of a new generation of writers such as Rick Bass and Terry Tempest Williams The book is an eclectic blend of nonfiction and fiction field notes and poetry through which artists of diverse backgrounds both celebrate and illuminate the unique vitality and complexity of southwestern literature proving that green is only one of many colors on their palette The selections included here range all across the southwestern landscape and explore adventures in the wild topics in natural history living close to the land and efforts at conservation and restoration They clearly demonstrate that there is grace and beauty in this often maligned part of the world both in the human traditions that have developed in the region and in the natural features of the desert itself

Imagined Frontiers Carl Abbott, 2015-09-10 We live near the edge whether in a settlement at the core of the Rockies a gated community tucked into the wilds of the Santa Monica Mountains a silicon culture emerging in the suburbs or in the future homesteading on a terraformed Mars In Imagined Frontiers urban historian and popular culture scholar Carl Abbott looks at the work of American artists who have used novels film television maps and occasionally even performance art to explore these frontiers the metropolitan frontier of suburban development the classic continental frontier of American settlement and the yet unrealized frontiers beyond Earth Focusing on writers and artists working during the past half century an era of global economic and social reach Abbott describes the dialogue between historians and social scientists seeking to understand these frontier places and the artists reimagining them in written and visual fictions This book offers perspectives on such well known authors as T C Boyle and John Updike and on such familiar movies and television shows as

Falling Down and The Sopranos By putting The Rockford Files and the cult favorite Firefly in conversation with popular fiction writers Robert Heinlein and Stephen King and literary novelists Peter Matthiessen and Leslie Marmon Silko Abbott interweaves the disparate subjects of western history urban planning and science fiction in a single volume Abbott combines all new essays with others previously published but substantially revised to integrate western and urban history literary analysis and American studies scholarship in a uniquely compelling analysis of the frontier in popular culture **Imagining a Great Republic** Thomas E. Cronin, 2017-11-10 In the first comprehensive reading of dozens of American literary and social culture classics Tom Cronin one of America's most astute students of the American political tradition tells the story of the American political experiment through the eyes of forty major novelists from Harriet Beecher Stowe to Hunter S Thompson They have been moral and civic consciousness raisers as we have navigated the zigs and zags the successes and setbacks and the slow awkward evolution of the American political experiment Constitutional democracy equal justice for all the American Dream and American Exceptionalism are all part of our country's narrative But as Imagining a Great Republic explains there has never been just a single American narrative we have competing stories just as we have competing American Dreams and competing ways of imagining a more perfect political union Recognizing and understanding these competing values is a key part of being American Cronin's book explains how this is possible and why we should all be proud to be American
