## **Dancing On Our Turtles Back:**

Dancing on Our Turtle's Back Leanne Simpson, 2011 By combining provocative prose with photo essay Time and the Suburbs explores the disappearance of cities in North America under the weight of suburban exurban and other forms of development that are changing the way we live and do politics Drawing on social theory from Henri Lefebvre and Guy Debord to Antonio Negri this book reconceptualizes the tasks facing activists and social movements This is both a provocative essay and introduction to important social theory for anyone interested in cities and urban development **Decolonizing Freedom** Allison Weir, 2024 Freedom is celebrated as the definitive ideal of modern western civilization Yet in western thought and practice the freedom of some has typically been defined through opposition to the unfreedom of others These exclusions are not secondary to a prior concept of freedom but are constitutive exclusions that have shaped the ways in which western theorists define what freedom is Allison Weir draws on Indigenous political philosophies and practices of decolonization grounded in conceptions of relationality and resurgence in dialogue with western philosophies to reconstruct a tradition of relational freedom as a distinctive political conception of freedom a radically democratic mode of engagement and participation in social and political relations with an infinite range of strange and diverse beings perceived as free agents in interdependent relations in a shared world Through the work of Leanne Betasamosake Simpson John Borrows Glen Coulthard Audra Simpson Rauna Kuokkanen Joanne Barker Jodi Byrd James Tully and many others this book traces a tradition of colonial unknowing in western conceptions of freedom from Hobbes through republican and critical theories and explores a countertradition of relations between freedom and collective love exemplified in Leanne Betasamosake Simpson's love of land and Hannah Arendt's love of the world It considers Indigenous modes of world creation as performative affective embodied strategies of democratic life skilled modes of addressing diversity and conflict fear and hostility in practices of freedom that embrace polycentric knowledges and rooted dynamisms in contexts of complexity and constant change Weir argues that Indigenous women's struggles to belong to communities and participate in governance have engendered new theories of relational rights that combine politics of rights and resurgence and calls for a coalitional politics guided by queer and feminist Indigenous models of transformative resurgence Finally Weir proposes an approach to critical theory as a practice of self transformation through openness to the other oriented toward relational freedom **Decolonizing the Spirit in Education and Beyond** Njoki Nathani Wane, Miglena S. Todorova, Kimberly L. Todd, 2019-12-14 This multidisciplinary collection probes ways in which emerging and established scholars perceive and theorize decolonization and resistance in their own fields of work from education to political and social studies to psychology medicine and beyond In this time of renewed global spiritual awakening indigenous communities are revisiting ways of knowing and evoking theories of resistance informed by communal theories of solidarity Using an intersectional lens chapter authors present or imagine modes of solidarity resistance and political action that subvert colonial and neocolonial formations Placing emphasis on the

importance of theorizing the spirit a discourse that is deeply embedded in our unique cultures and ancestries this book is able to capture and better understand these moments and processes of spiritual emergence re emergence     *An Intersectional Feminist Theory of Moral Responsibility* Michelle Ciurria,2019-12-06 This book develops an intersectional feminist approach to moral responsibility It accomplishes four main goals First it outlines a concise list of the main principles of intersectional feminism Second it uses these principles to critique prevailing philosophical theories of moral responsibility Third it offers an account of moral responsibility that is compatible with the ethos of intersectional feminism And fourth it uses intersectional feminist principles to critique culturally normative responsibility practices This is the first book to provide an explicitly intersectional feminist approach to moral responsibility After identifying the five principles central to intersectional feminism the author demonstrates how influential theories of responsibility are incompatible with these principles She argues that a normatively adequate theory of blame should not be preoccupied with the agency or traits of wrongdoers it should instead underscore and seek to ameliorate oppression and adversity as experienced by the marginalized Apt blame and praise according to her intersectional feminist account is both communicative and functionalist The book concludes with an extensive discussion of culturally embedded responsibility practices including asymmetrically structured conversations and gender and racially biased social spaces *An Intersectional Feminist Approach to Moral Responsibility* presents a sophisticated and original philosophical account of moral responsibility It will be of interest to philosophers working at the crossroads of moral responsibility feminist philosophy critical race theory queer theory critical disability studies and intersectionality theory     **Prairie Rising** Jaskiran K Dhillon,2017-04-24 In 2016 Canada s newly elected federal government publically committed to reconciling the social and material deprivation of Indigenous communities across the country Does this outward shift in the Canadian state s approach to longstanding injustices facing Indigenous peoples reflect a transformation with teeth or is it merely a reconstructed attempt at colonial Indigenous settler relations *Prairie Rising* provides a series of critical reflections about the changing face of settler colonialism in Canada through an ethnographic investigation of Indigenous state relations in the city of Saskatoon Jaskiran Dhillon uncovers how various groups including state agents youth workers and community organizations utilize participatory politics in order to intervene in the lives of Indigenous youth living under conditions of colonial occupation and marginality In doing so this accessibly written book sheds light on the changing forms of settler governance and the interlocking systems of education child welfare and criminal justice that sustain it Dhillon s nuanced and fine grained analysis exposes how the push for inclusionary governance ultimately reinstates colonial settler authority and raises startling questions about the federal
