## **Daft Wee Stories:**

**Daft Wee Stories** Limmy, 2015-07-30 DAFT WEE STORIES is Limmy's first book. It is a collection of stories. There are short stories. There are longer stories. There are stupid stories. There are thoughtful stories. There are upside down stories. There are normal way up stories. There are weird stories. There are less weird stories. There are really weird stories. There is nothing else like it. Have a read. 1979 Val McDermid, 2021-10-05 A Scottish journalist is drawn into a world of corruption, terror, and murder in the new novel by one of crime fiction's most eminent writers. Entertainment Weekly: The year started badly and only got worse. Blizzards, strikes, power cuts, and political unrest were the norm. For investigative journalist Allie Burns, however, someone else's bad news was the unmistakable sound of opportunity knocking, and 1979 is ripe with possibilities. But Allie is a woman in what is still a man's world. Desperate to get away from the women's stories the Glasgow desk keeps assigning her, she strikes up an alliance with wannabe investigative journalist Danny Sullivan. From the start, their stories create enemies. First an international tax fraud, then a potential Scottish terrorist group aiming to cause mayhem ahead of an impending referendum. And then Danny is found murdered in his flat. For Allie, investigative journalism just got personal. The debut of an intense new series, 1979 is an atmospheric journey into the past with intriguing insight into the present from a Diamond Dagger winner and multiple Edgar Award finalist. The queen of psychological thrillers, Irish Independent: There are few other crime writers in the same league. The Washington Post **The Wolves of Craigellon** Ruby Fielding, Available in one volume for the first time. The Wolves of Craigellon: Ruby Fielding's stunning Highland shifter romance trilogy: murder, intrigue, and breathtaking romance in a werewolf series like no other. An exciting, suspenseful shifter romance. The characters are fantastic, a must-read book. Roxie's Reviews: This has been truly an amazing story, and I have loved each and every character. Books of Past, Present, and Future: Just wow! Snow Wolf is the stunning conclusion of the three-part series. I highly recommend Ruby Fielding's stories. Night Owl Reviews: Top Pick. No, I'm not scared of a wolf. Believe me, there are far worse things. Three full-length novels. Last Alpha: He never wanted to fall in love. She never planned to let him. Jenny Layne has made a career out of investigating werewolf reports, but every case has only confirmed that shapeshifters are the stuff of legend or madness. Until now. Billy Stewart has traveled the world in pursuit of stories of shapeshifters and other strange phenomena, but the last thing he ever expected to find was love. Billy is not a man who falls easily, but when he does, it's a force of nature. As love boils over and the dark secrets buried away in the past rise to the surface, a night of murder raises the stakes yet higher. By turns passionate romance and gripping paranormal thriller, Last Alpha tells the story of two people whose paths collide with earth-shattering consequences and asks: can Beauty ever really hope to tame the Beast? Rogue Male: She'd always known he was a bit of a rogue, but what if it was worse than that? So much worse. Skye Parker wasn't that girl. The one who chases love. The one who puts romance ahead of everything else. The one who would travel the length of the country in response to a throwaway online comment and a whole lot of wishful thinking. Until now. Iain Logan is most

definitely that boy The wild one Trouble is not so much his middle name as something engraved on his heart He s a young man with secrets too Secrets that make him hold everything at a distance even the girl who might just be the love of his life When he finds wild wolves near his Highlands home after an absence of close to three centuries it s a chance to prove himself if only he can get people to believe him But as old friends rebuff him and the dark truth unfolds Iain has some tough choices to make Choices with life changing consequences It would be madness for Skye to fall for him Dangerous But sometimes madness is the most sensible thing of all Snow Wolf Can you ever be sure of a shifter s heart Jenny Layne has her man but does she really have his heart Just when Jenny needs him most Billy Stewart has gone missing Has she scared him away is he in danger or has he succumbed to the call of the wild As the worst winter in a generation closes in the search for Billy rapidly becomes a matter of life or death for him and for those who seek him Jenny is the person most likely to find him so why does she refuse to join the search What does she fear even more than losing the love of her life

**Last Alpha** Ruby Fielding, He never wanted to fall in love She never planned to let him Jenny Layne has made a career out of investigating werewolf reports but every case has only confirmed that shapeshifters are the stuff of legend or madness Until now Lured to a remote Scottish estate to meet a researcher working on the science behind the werewolf phenomenon Jenny finds steadily mounting evidence that something strange is running wild in the hills Billy Stewart has traveled the world in pursuit of stories of shapeshifters and other strange phenomena but the last thing he ever expected to find was love Billy is not a man who falls easily but when he does it is a force of nature When he meets Jenny he knows immediately that she is his soulmate but Jenny is not so sure Are his intense feelings for her just some kind of insanity or is Jenny turning him away because that s exactly what she always does when a guy gets interested By turns passionate romance and gripping paranormal thriller Last Alpha tells the story of two people whose paths collide with earth shattering consequences As love boils over and the dark secrets buried away in Jenny and Billy s past rise to the surface a night of murder raises the stakes yet higher And as she fights for her own survival Jenny must face perhaps the biggest question of them all In matters of life death and love can Beauty ever really hope to tame the Beast
