Dance Of The Selves Fireside:

The Fireside Encyclopædia of Poetry Henry Troth Coates, 1878 **Wild Heart Dancing** Elliot Sobel, 1994-04-12

There is a creative genius inside of you just waiting to get out Wild Heart Dancing shows you how to free that innovative spirit by spending a day playing with words music songs dance and paints You don't need to be artistic to benefit from the teachings of Elliot Sobel you just need to open up and take the time to try your hand at new ways of expressing yourself

Belly Dance Around the World Caitlin E. McDonald, Barbara Sellers-Young, 2013-07-11 In these essays dancers and scholars from around the world carefully consider the transformation of an improvised folk form from North Africa and the Middle East into a popular global dance practice They explore the differences between the solo improvisational forms of North Africa and the Middle East often referred to as raqs sharki which are part of family celebrations and the numerous globalized versions of this dance form belly dance derived from the movement vocabulary of North Africa and the Middle East but with a variety of performance styles distinct from its site of origin Local versions of belly dance have grown and changed along with the role that dance plays in the community The global evolution of belly dance is an inspiring example of the interplay of imagination the internet and the social forces of local communities All royalties are being donated to Women for Women International an organization dedicated to supporting women survivors of war through economic health and social education programs The contributors are proud to provide continuing sponsorship to such a worthwhile and necessary cause

Beyond the Good Girl Jail Sandra Felt, 2016-02-02 Contrary to common theories it is not only good to focus internally but it's actually healthy to the point of being crucial to developing a loving spiritual self Here Felt uniquely describes the process of that growth and how each step feels in vivid detail utilizing right brain language and poetry that emphasizes experiential maturation in addition to left brain comprehension Beyond the Good Girl Jail is unique in that it is written from a neutral encouraging developmental point of view rather than a mental health point of view which is sometimes interpreted as judgmental and shaming It is theoretical in the basics yet practical It is psychological yet not steeped in pathological jargon Part of the appeal of Felt's approach is her use of case examples and illustrations of the Self Principles in various common situations When you listen from a deeper place you hear a deeper truth This stick to the ribs book will have readers thinking long after reading it They will not only remember the words and stories but they will experience a shift in their language and a surprising growth in their choices

The Body, the Dance and the Text Brynn Wein

Transcendental Medication Christopher D. Lynn, 2022-04-28 Transcendental Medication considers why human brains evolved to have consciousness yet we spend much of our time trying to reduce our awareness It outlines how limiting consciousness rather than expanding it is more functional and satisfying for most people most of the time The suggestion is that our brains evolved mechanisms to deal with the stress of awareness in concert with awareness itself otherwise it is too costly to handle Defining dissociation as partitioning of awareness Lynn touches on disparate cultural and psychological practices such as religion drug use 12 step programs and dancing The chapters draw on biological and cultural studies of Pentecostal speaking in tongues and stress the results of our 800 000 years watching hearth and campfires and unconscious uses of self deception as mating strategy Written in a highly engaging style Transcendental Medication will appeal to students and scholars interested in mind altered states of consciousness and evolution It is particularly suitable for those approaching the issue from cultural biological psychological and cognitive anthropology as well as evolutionary psychology cognitive neuroscience and religious studies
