Churchills Deception The Dark Secret That Destroyed Nazi Germany:

Churchill's Deception Louis C. Kilzer, 1994 They invited the Deputy Fuhrer of Germany Rudolf Hess to attend a peace conference at which Hitler would negotiate the coming invasion of the Soviet Union with the British Peace Party **The Myth of German Villainy** Benton L. Bradberry, 2012-07 As the title *The Myth of German Villainy* indicates this book is about the mischaracterization of Germany as history's ultimate villain The official story of Western Civilization in the twentieth century casts Germany as the disturber of the peace in Europe and the cause of both World War I and World War II though the facts don't bear that out During both wars fantastic atrocity stories were invented by Allied propaganda to create hatred of the German people for the purpose of bringing public opinion around to support the wars The Holocaust propaganda which emerged after World War II further solidified this image of Germany as history's ultimate villain But how true is this official story Was Germany really history's ultimate villain In this book the author paints a different picture He explains that Germany was not the perpetrator of World War I nor World War II but instead was the victim of Allied aggression in both wars The instability wrought by World War I made the 1917 Bolshevik Revolution in Russia possible which brought world Communism into existence Hitler and Germany recognized world Communism with its base in the Soviet Union as an existential threat to Western Christian Civilization and he dedicated himself and Germany to a death struggle against it Far from being the disturber of European peace Germany served as a bulwark which prevented Communist revolution from sweeping over Europe The pity was that the United States and Britain did not see Communist Russia in the same light ultimately with disastrous consequences for Western Civilization The author believes that Britain and the United States joined the wrong side in the war *The Hitler Conspiracies* Richard J. Evans, 2020-10-22 *The Hitler Conspiracies* focuses on five of the most enduring conspiracy theories involving the Nazi period including those that accompanied and even buttressed Hitler's rise A distinguished work of history this book offers equally a hard look at our own troubled times a post truth era in which alternative facts have gained new standing **The Ruling Elite** Deanna Spingola, 2014 Providing a general overview of the accurate history of World War II which was essentially a continuation of World War I with the same saber rattling participants *The Ruling Elite* describes the circumstances leading up to World War II Author Deanna Spingola discusses how the diaspora distributed international bankers living and prospering in Britain France and America influenced greedy compromised and complicit politicians in those nations *The Ruling Elite* explains that through deceptive propaganda those politicians persuaded naive citizens to wage war against Germany a peace loving nation whose leaders were uncooperative with the bankers which led to World War I Following that war German officials rejected the bankers and their money lending scheme to save their nation and its citizens from the burden of debt The aftermath of World War II a deadly war that killed millions and imposed communism in numerous countries impacted every banker occupied country in various ways culturally morally politically and economically Researched through historical documents and scholarly works *The*

Ruling Elite describes how warmongers regularly project their criminal activities onto others frequently blaming the victim whether an individual or a nation Spingola offers an unbiased look at World War II beginning with Hitler and the rebirth of Germany through the aftermath of the war Stalin, Mao, Communism, and their 21st-Century Aftermath in Russia and China Miguel A. Faria, Jr.,2024-01-17 This book describes salient and momentous events as well as gruesome episodes in the history of communism under Joseph Stalin in the Soviet Union and Mao Tse tung in China and narrates succinctly the historic major happenings that have taken place since that time up to the 21st century such as hostilities espionage and actual confrontations occurrences that have affected relations between those two nations vis vis the West and the United States The author corrects the historic record where it needs amending given new information that has come to light and redresses political biases that have arisen and to which none of us are immune This book serves as a sincere warning about the evils not only of the full blown imposition of totalitarianism via revolution but also of the implementation of socialism and authoritarianism via evolution asserting that full economic and political freedom is always best **Le Mythe Du Sale Boche** Benton L. Bradberry,2018-07-17 Comme l'indique le titre Le mythe du sale boche les Allemands ne sont pas les ultimes vilains de l'histoire Ils ne sont pas non plus comme le veut la version officielle les saboteurs de la paix européenne et la cause des deux Guerres mondiales du siècle dernier Les atrocités qu'ils auraient soi-disant perpétrées durant ces conflits armés furent inventées de toute pièce par la propagande alliée afin d'obtenir l'appui de l'opinion publique La propagande de la Shoah qui est apparue après la Seconde Guerre mondiale a par ailleurs grandement contribué à consolider cette haine du sale boche Mais cette version officielle de l'histoire est elle vaine et ridicule L'Allemagne est elle réellement l'incarnation du mal absolu Dans ce livre l'auteur brosse un tableau différent Il explique en effet que l'Allemagne n'était ni la cause ni de la Première ni de la Seconde Guerre mondiale mais dans les deux cas la victime de l'agression des alliés L'instabilité engendrée par la guerre 14-18 a permis la révolution bolchevique russe de 1917 d'éclater ce qui a apporté au monde le communisme Or Hitler et l'Allemagne ont tout de suite compris que le communisme international de sa base en Union soviétique était une menace existentielle non seulement pour l'Occident mais pour toute la civilisation chrétienne L'Allemagne hitlérienne a dès lors amorcé une lutte mortelle contre cette idéologie sanguinaire Loin d'être le saboteur de la paix européenne l'Allemagne en souffrant et se battant contre la révolution bolchevique de s'opposer à toute l'Europe Il est dommage que les alliés n'aient pas vu la Russie communiste sous le même jour que l'Allemagne Cette alliance entre les pays occidentaux et le communisme a eu des conséquences désastreuses sur la civilisation occidentale chrétienne L'auteur se dit convaincu que la France la Grande Bretagne et les États-Unis se sont battus du mauvais côté *Democracies Against Hitler* Alexander J. Groth,2018-08-10 First published in 1999 what the confrontation between democracies and Hitlerism tells us about democracy is the subject of this book It examines the response of political democracies to the phenomenon of Hitlerism beginning with democracy in Germany itself in the 20s and 30s and ending up with Britain and the U S in the 40s Contrary to mythology this response was far more a failure than a

success An iconoclastic treatment it anticipates the crises of the future Betrayals And Treason Nachman Ben-yehuda,2018-03-08 In Betrayals and Treason Nachman Ben Yehuda identifies the universal structure of betrayals as the violation of trust and loyalty and charts the different manifestations and constructions of these violations all within numerous cases across time place and cultures Betrayals do not just lie in the eyes of the beholder completely relative While the very idea of betrayals is a social construct underlying it is a universal structure of violations of both trust and loyalty Whenever this structure materializes the label betrayal is invoked and applied War and Revolution Domenico Losurdo,2015-02-03 War and Revolution identifies and takes to task a reactionary trend among contemporary historians one that s grown increasingly apparent in recent years It s a revisionist tendency discernible in the work of authors such as Ernst Nolte who traces the impetus behind the Holocaust to the excesses of the Russian Revolution or Francois Furet who links the Stalinist purges to an illness originating with the French Revolution The intention of these revisionists is to eradicate the revolutionary tradition Their true motives have little to do with the quest for a greater understanding of the past but lie in the climate of the present day and the ideological needs of the political classes as is most clearly seen now in the work of the Anglophone imperial revivalists Paul Johnson and Niall Ferguson In this vigorous riposte to those who would denigrate the history of emancipatory struggle Losurdo captivates the reader with a tour de force account of modern revolt providing a new perspective on the English American French and twentieth century revolutions **World War II** Spencer C.
