Christology A Global Introduction:

Christology Veli-Matti Kärkkäinen, 2003-07 How does the global Christian community understand Jesus Christ
Christology examines historical and contemporary understandings of Jesus from a worldwide perspective **Christology**
Veli-Matti Kärkkäinen, 2016 **The Doctrine of God** Veli-Matti Kärkkäinen, 2017-05-16 In recent years the doctrine of God
has once again become a central focus of theological discussion and debate In this ecumenical international and contextual
introduction internationally respected scholar Veli Matti Kärkkäinen offers a global survey of understandings of God in
Scripture Christian history and contemporary theology This new edition incorporates developments in theological research
over the past decade and has been substantially updated throughout Global Dictionary of Theology William A.
Dyrness, Veli-Matti Kärkkäinen, 2009-10-25 Theological dictionaries are foundational to any theological library But until now
there has been no Global Dictionary of Theology a theological dictionary that presumes the contribution of the Western
tradition but moves beyond it to embrace and explore a full range of global expressions of theology The Global Dictionary of
Theology is inspired by the shift of the center of Christianity from the West to the Global South But it also reflects the
increase in two way traffic between these two sectors as well as the global awareness that has permeated popular culture to
an unprecedented degree The editorial perspective of the Global Dictionary of Theology is an ecumenical evangelicalism that
is receptive to discovering new facets of truth through listening and conversation on a global scale Thus a distinctive feature
of the Global Dictionary of Theology is its conversational approach Contributors have been called on to write in the spirit of
engaging in a larger theological conversation in which alternative views are expected and invited William A Dyrness Veli
Matti Kärkkäinen Juan F Martinez and Simon Chan edit approximately 250 articles written by over 100 contributors
representing the global spectrum of theological perspectives Pastors theological teachers theological students and lay
Christian leaders will all find the Global Dictionary of Theology to be a resource that unfolds new dimensions and reveals new
panoramas of theological perspective and inquiry Here is a new launching point for doing theology in today's global context

Global Theology in Evangelical Perspective Jeffrey P. Greenman, Gene L. Green, 2012-04-07 Jeffrey P Greenman and
Gene L Green edit this collection of essays from the proceedings of the 2011 Wheaton Theology Conference The essays
explore the past present and future shape of biblical interpretation and theological engagement in the Majority World
Leading scholars from around the world interact with the key theological issues being discussed in their regions In addition
some theological voices from minority communities in North America address issues particular to their context and which
often overlap with those central in Majority World theology Contributors include Vince Bacote Samuel Escobar Ken

Yeo and Amos Yong **The Theology of Amos Yong and the New Face of Pentecostal Scholarship** Wolfgang
Vondeg, Martin Mittelstadt, 2013-06-15 In The Theology of Amos Yong and the New Face of Pentecostal Scholarship Wolfgang

Vondeg and Martin William Mittelstadt gather a table of experts on one of the most influential voices in current Pentecostal theology. The authors provide an introduction and critical assessment of Yong's biblical foundations, hermeneutics, epistemology, philosophical presuppositions, trinitarian theology, theology of religions, ecumenical and interfaith relations, theology of disability, engagement with contemporary culture, and participation in the theology and science conversation. These diverse topics are pursued through the complementary perspectives that together shape Yong's methodology, pneumatology, pentecostalism, and the possibility of renewal. The contributors invite a more thorough reading of Yong's work and propose a more substantial engagement with the new face of Pentecostal scholarship. Contributors include Andrew Carver, Jacob D. Dodson, Jeff Hittenberger, Mark Mann, Martin William Mittelstadt, L. William Oliverio Jr., David A. Reed, Tony Richie, Christopher A. Stephenson, Steven M. Studebaker, Paraskev, Eve Tibbs, and Wolfgang Vondeg.

The Routledge Handbook of Pentecostal Theology Wolfgang Vondeg, 2020-03-31. Research on Pentecostal and Charismatic Christianity has increased dramatically in recent decades, and a diverse array of disciplines have begun to address a range of elements of these movements. Yet there exists very little understanding of Pentecostal theology, and it is not uncommon to encounter stereotypes and misperceptions. Addressing this gap in current research, *The Routledge Handbook of Pentecostal Theology* is an exceptional reference source to the key topics, challenges, and debates in this growing field of study and is the first collection of its kind to offer a comprehensive presentation and critical discussion of this subject. Comprising over forty chapters written by a team of international contributors, the Handbook is divided into five parts: Contextualizing Pentecostal Theology, Sources, Theological Method, Doctrines and Practices, Conversations, and Challenges. These sections take the reader through a comprehensive introduction to what Pentecostals believe and how they practice their faith. Looking at issues such as the core teachings of Pentecostalism concerning Spirit baptism, divine healing, or eschatology, unique practices such as spiritual warfare and worship, and less discussed issues such as social justice and gender, each chapter builds towards a nuanced and global picture of the theology of the Pentecostal movement. *The Routledge Handbook of Pentecostal Theology* is essential reading for students and researchers in Pentecostal Studies, World Christianity, and Theology, as well as scholars working in contemporary Religious Studies.

Trinitarian Self and Salvation Scott D. Harrower, 2012-01-13. In 1967 Karl Rahner famously wrote, "The economic Trinity is the immanent Trinity, and vice versa." From that time onwards, Rahner's Rule has become the norm for conceiving the relationship between the Trinity in the economy of salvation and God's eternal inner life. Evangelical theologians currently employ Rahner's Rule in a variety of ways. One of the most popular is the Strict Realist Reading, whereby trinitarian relationships in salvation history are taken to mirror eternal relationships within God. This book brings this norm into conversation with the witness of Scripture in order to assess its viability. In doing so, it highlights troubling issues that arise from the application of the Strict Realist Reading of Rahner's Rule to the narrative of Luke Acts. This book suggests that the Strict Realist Reading can be shown to be a questionable basis for our doctrine of God's inner life.

A.J. Appasamy and His Reading of Rāmānuja Brian Dunn, 2016 This study focuses on the embodiment theology of the South Indian theologian A J Appasamy 1891 1975 It argues for the distinctive theological voice of Appasamy whose sacramental reading of the Gospel of John influenced by Ramanuja 1017 1137 opens up new Christological and comparative possibilities

Introducing Christian Theologies I Victor I Ezigbo, 2016-08-25 Should Christianity's theological face remain largely European and North American in the twenty first century in the wake of the expansion of Christianity in sub Saharan Africa Asia and Latin America The question about the theological face of Christianity cannot be ignored For too long African Asian and Latin American theologians have been left out of mainstream theological discussions Few standard textbooks on Christian theology acknowledge the unique contributions theologians from these continents have made to global Christianity

Introducing Christian Theologies Voices from Global Christian Communities is a two volume textbook that alters the predominantly European and North American theological face of Christianity by interacting with the voices of Christian communities from around the globe *Introducing Christian Theologies* explores the works of key theologians from across the globe highlighting their unique contributions to Christian theology and doctrine
