Counseling Addicted Families An Integrated Assessment And Treatment Model:

Counseling Addicted Families Gerald A. Juhnke, W. Bryce Hagedorn, 2013-08-16 In *Counseling Addicted Families* Gerald A. Juhnke and William Bryce Hagedorn recognize that even those treatment providers who understand the importance of the familial context of addiction are often stymied by the variety of family treatment theories and their often imperfect fit for cases of addiction. In this book Juhnke and Hagedorn provide a truly integrated model for assessment and treatment. Based upon the authors' combined twenty-three years of experience in clinical and treatment supervision, the Integrated Family Addictions Model consists of six progressive treatment tiers which organize the relevant family treatment theories into a graduated and coherent sequence beginning with the briefest and least costly forms of therapy. Wellness-Based Addictions Counseling Philip B. Clarke, Todd F. Lewis, 2023-12-22 This book presents a culture change in addictions treatment that places wellness at the forefront of relapse, addiction, and recovery. The authors introduce a wellness-based conceptualization of addiction and recovery, including the wellness model that grounds Wellness-Based Addictions Counseling (WBAC) and the techniques of this approach. Wellness-Based Addictions Counseling advocates for wellness as the primary variable in addiction and recovery outcomes, presents a wellness-based model of addiction and recovery, and highlights techniques for unlocking the motivational and strength-based aspects of this approach. Specifically, the authors provide wellness questions and screening tools to incorporate into the clinical evaluation and structure for creating a wellness plan and family wellness plan for the client's loved ones. Readers will learn numerous wellness-based techniques related to the mind, body, spirit, emotions, and connection that can prevent relapse and facilitate well-being. All WBAC interventions are grounded in developmental, culturally responsive, and strength-based perspectives. Wellness-Based Addictions Counseling is essential reading for professionals who provide addictions treatment and counseling, as well as scholars who conduct writing and research on addiction. *Theory and Practice of Addiction Counseling* Pamela S. Lassiter, John R. Culbreth, 2017-02-17 This one-of-a-kind text brings together contemporary theories of addiction and helps readers connect those theories to practice using a common multicultural case study. Theories covered include motivational interviewing, moral theory, developmental theory, cognitive-behavioral theories, attachment theory, and sociological theory. Each chapter focuses on a single theory, describing its basic tenets, philosophical underpinnings, key concepts, and strengths and weaknesses. Each chapter also shows how practitioners using the theory would respond to a common case study, giving readers the opportunity to compare how the different theoretical approaches are applied to client situations. A final chapter discusses approaches to relapse prevention. Assessment in Counseling Richard S. Balkin, Gerald A. Juhnke, 2025-11-21 This book takes a different approach to assessment courses, which students often experience as a statistics-heavy class accompanied by a wide variety of assessments. It emphasizes the skills used in assessment and supports the use of these skills across a broad range of assessment instruments and strategies. It ultimately serves as a guide for administering, scoring, interpreting, and

communicating assessment results
