Courtroom Interpreting Marianne Mason, 2008-09-15 *In Courtroom Interpreting* Marianne Mason offers a new perspective in the study of courtroom

interpreting through the exploration of cognitive and linguistic barriers that court interpreters face everyday and ultimately result in an interpreter's deviation from original linguistic content. The quality of an interpreter's rendition plays a key role in how well a non-English speaking defendant's legal rights are served. Interpreters are expected to provide a faithful rendition of all semantic, syntactic and pragmatic content regardless of how difficult the task may be at a cognitive level. From a legal perspective, this expectation may be sound as it disregards the cost associated with the interpreter having to account for a great deal of linguistic content. Mason proposes that if the quality of interpreters' renditions is to improve and the rights of non-English speaking minorities is to be better served, the issue of cognitive overload needs to be addressed more effectively by the court interpreting community.

The Bilingual Courtroom Susan Berk-Seligson, 2002-09. Drawing on more than 100 hours of taped recordings of Spanish-English court proceedings in federal state and municipal courts, this volume presents a systematic study of court interpreters and raises some alarming concerns.

Sign Language Interpreters in Court Carla M. Mathers, 2006. A book consisting of 83 poems, *middle of nowhere* is an honest and heartfelt account of relationship and world problems that impact everyone. These poems were written in a 2-year period, most coming into creation during very hard and depressing points in the author's life. Sharing the good as well as the bad, *middle of nowhere* is a joy to read and deeply appreciated for the many subjects that it touches on.

Provides a synthesis of information regarding court interpreting based upon a variety of published and unpublished resources. Approach is interdisciplinary, dealing with languages in contact, bilingualism, dialectal varieties of language, the interpreting process and legal issues.

From the Classroom to the Courtroom Elena M. de Jongh, 2012-03-20. *From the Classroom to the Courtroom*: A guide to interpreting in the U.S. justice system offers a wealth of information that will assist aspiring court interpreters in providing linguistic minorities with access to fair and expeditious judicial proceedings. The guide will familiarize prospective court interpreters and students interested in court interpreting with the nature, purpose and language of pretrial, trial and post-trial proceedings. Documents, dialogues and monologues illustrate judicial procedures; the description of court hearings with transcripts creates a realistic model of the stages involved in live court proceedings. The innovative organization of this guide mirrors the progression of criminal cases through the courts and provides readers with an accessible, easy-to-follow format. It explains and illustrates court procedure as well as provides interpreting exercises based on authentic materials from each successive stage. This novel organization of materials around the stages of the judicial process also facilitates quick reference without the need to review the entire volume, an additional advantage that makes this guide the ideal interpreters' reference manual. Supplementary instructional aids include recordings in English and Spanish and a glossary of selected legal terms in context.

Fundamentals of Court Interpretation Roseann Dueñas González, Victoria Félice Vásquez, Holly Mikkelsen, 1991. This volume explores court interpreting from legal, linguistic and pragmatic vantages. It standardizes practice

among court interpreters by providing useful guidelines for the judiciary attorneys and other court personnel Because of the growing use of interpreters there is an increasing demand for guidelines on the proper utilizations of court interpreters This book has become the standard reference book worldwide *Speak English Or What?* Philipp Sebastian Angermeyer, 2015

This book presents a study of interpreter mediated interaction in New York City small claims courts drawing on audio recorded arbitration hearings and ethnographic fieldwork Focusing on the language use of speakers of Haitian Creole Polish Russian or Spanish the study explores how these litigants make use of their limited proficiency in English in addition to communicating with the help of professional court interpreters Drawing on research on courtroom interaction legal interpreting and conversational codeswitching the study explores how the ability of immigrant litigants to participate in these hearings is impacted by institutional language practices and underlying language ideologies as well as by the approaches of individual arbitrators and interpreters who vary in their willingness to accommodate to litigants and share the burden of communication with them Litigants are shown to codeswitch between the languages in interactionally meaningful ways that facilitate communication but such bilingual practices are found to be in conflict with court policies that habitually discourage the use of English and require litigants to act as monolinguals using only one language throughout the entire proceedings Moreover the standard distribution of interpreting modes in the courtroom is shown to disadvantage litigants who rely on the interpreter as consecutive interpreting causes their narrative testimony to be less coherent and more prone to interruptions while simultaneous interpreting often leads to incomplete translation of legal arguments or of their opponent s testimony Consequently the study raises questions about the relationship between linguistic diversity and inequality arguing that the legal system inherently privileges speakers of English
