Militant Normals Kurt Schlichter,2025-04-08 Militant Normals written by one of the conservative movement s wittiest commentators is a no holds barred takedown of the preening elites who have all but made normalcy a crime in America Donald Trump is only the beginning of a mighty disruption in American politics and culture thanks to the rise of the militant Normals in America They built this country they make it run and when called on they fight for it They are the heart and soul of the United States of America They are the Normals the regular Americans of all races creeds preferences and both sexes who just want to raise their families and live their lives in peace And they are getting angry For decades they have seen their cherished beliefs and beloved traditions under attack They have been told they are racist sexist and hateful but it was all a lie Their ability to provide for their families has been undermined by globalization with no consideration of the effects on Americans who did not go to Harvard and who live in that vast forgotten space between New York and Santa Monica A smug condescending elite spanning both established parties has gripped the throat of the nation Convinced of their own exquisite merit while refusing to be held accountable for their myriad failures these elitists managed to suppress the first rumblings of discontent when they arose in the form of the Tea Party But they were stunned when the Normals did not simply scurry back to their flyover homes Instead the Normals came out in force and elected Donald Trump Now as the ruling caste throws everything it can into the fight to depose Donald Trump and reestablish unchallenged control the Normals face a choice They can either surrender their country and their sovereignty or they can become even more militant

The Year of the Geek James Clarke,2017-10-19 The Year of the Geek is a fascinating look into geek culture Each day will tell a different story from the sci fi universe from famous franchises and figures such as Star Wars The Matrix Peter Jackson and Luc Besson to lesser known stories including the French cult classic City of Lost Children the Japanese anime Akira and bestselling German novelist Marcus Heitz With text written by self confessed geek James Clarke and accompanied by over 100 infographics that have been specially commissioned for this book The Year of the Geek celebrates all things geek in a new and intriguing way
