Caryl Churchill Love And Information Script:

Love and Information Caryl Churchill, 2015 Caryl Churchill's *Love and Information* is a kaleidoscopic play of short scenes addressing contemporary issues about knowledge technology and communication and our capacity for love. It was first performed at the Royal Court Jerwood Theatre Downstairs London on 6 September 2012. Forms of Emotion Peta Tait, 2021-11-29 *Forms of Emotion* analyses how drama theatre and contemporary performance present emotion and its human and nonhuman diversity. This book explores the emotions emotional feelings mood and affect which make up a spectrum of emotion to illuminate theatrical knowledge and practice and reflect the distinctions and debates in philosophy neuroscience psychology and other disciplines. This study asserts that specific forms of emotion are intentionally unified in drama theatre and performance to convey meaning counteract separation and subversively champion emotional freedom. The book progressively shows that the dramatic and theatrical representation of the nonhuman reveals how human dominance is offset by emotional connection with birds animals and the natural environment. This book will be of great interest to students and researchers interested in the emotions and affect in dramatic literature theatre studies performance studies psychology and philosophy as well as artists working with emotionally expressive performance. The Theatre of Caryl Churchill R. Darren Gobert, 2014-09-25 *The Theatre of Caryl Churchill* documents and analyses the major plays and productions of one of Britain's greatest and most innovative playwrights. Drawing on hundreds of never before seen archival sources from the US and the UK it provides an essential guide to Churchill's groundbreaking work for students and theatregoers. Each chapter illuminates connections across plays and explores major scripts alongside unpublished and unfinished projects. Each considers the rehearsal room the stage and the printed text. Each demonstrates how Churchill has pushed the boundaries of dramatic aesthetics while posing urgent political and theoretical questions. But since each maps Churchill's work in a different way each deploys a different reading practice for many approaches are necessary to characterise such a restlessly imaginative and prolific career. Through its five interlocking parts *The Theatre of Caryl Churchill* tells a story about the playwright her work and its place in contemporary drama. Staging the Lyric Sarah Berry, 2024-11-14 Verse drama is not a dead form but very much alive on the contemporary stage. Drawing on plays from throughout the English speaking world including the United States United Kingdom Ireland and the Caribbean *Staging the Lyric* seeks to explain the 21st century resurgence of Anglophone verse drama tracing it back to an experimental impulse that is present in the modernist verse drama of a century ago. Covering major writers including Derek Walcott Seamus Heaney Sylvia Plath Samuel Beckett Dorothy Sayers Djuna Barnes and Ntozake Shange it also encompasses lesser known and more recent poets and playwrights. This modern verse drama differs from its ancient and Elizabethan antecedents as it is understood not as a genre in its own right but as a hybrid of the lyric and the dramatic. Both modernist and contemporary writers take advantage of this hybridity as fertile ground for experimentation. While they differ in their ideology and form this book contends that they are united by

exploring the relationship between lyric and dramatic elements on stage and what these two different modes afford To demonstrate this continuity it traces a genealogy from contemporary plays by Joanna Laurens Joyelle McSweeney and David Grieg back to W B Yeats Gertrude Stein T S Eliot and W H Auden to reveal that the tensions that animate verse drama have stayed the same even as the strategies for staging them have evolved The book is divided into three sections Voice Words and Time each treating one feature that has been used to define the lyric Within these sections the chapters compare contemporary plays with modernist ones that experiment with the same point of tension between the lyric and the dramatic
