Cold Case Kennedy A New Investigation Into The Assassination Of Jfk:

Cold Case Kennedy Flip de Mey, 2013 Take a front row seat in the investigation to discover what really happened in Dallas just after midday on November 22 1963 Flip de Mey has spent many years analyzing the dossier on the assassination of President John F Kennedy He re examined all the original investigation documents and challenged both the defenders and the critics of the official account 50 years after the event he comes up with a surprising and groundbreaking theory Cold Case Kennedy is the first book to systematically scrutinize all aspects of the murder dossier Why did Robert Kennedy remain silent Was there really a magic bullet What was the role of Lyndon Johnson in the drama Was there more than one sniper Why did the Warren Commission refuse to consider a third victim on Dealey Plaza What was a convicted gangster doing in the building directly across from the Texas School Book Depository And last but not least was the official investigation the most in depth inquest ever to be carried out or was it nothing more than a clumsy attempt to sweep things under the carpet Flip de Mey started his career as a lawyer but studied further to become a forensic auditor specializing in the unraveling of fraud and other irregularities His expertise based on many years of experience and his specific methods for analyzing complex dossiers served him well during the pursuit of his passion the assassination of JFK **Honest Answers about the Murder of President John F. Kennedy** Vincent Michael Palamara, 2021-03-19 Thousands of books and articles have been written about the murder of JFK many of which are large in volume and short on facts Quite often these works try to reinvent the wheel attempting to cover every single area of the assassination as well as many tangential and unessential points as well The reader is often left exhausted and confused The sheer volume of pages conflicting facts and theories leaves one unsatisfied and quite frankly not sure exactly what did happen on 11 22 63 This book seeks to separate the wheat from the chaff It is 55 plus years later it is time for real honest answers in an easy to read and understand format Proof of a conspiracy no theories to the point a perspective on the assassination for the millennial age and beyond Based on years decades of primary source research and having read countless books on the subject *JFK Assassination Eyewitness: Rush to Conspiracy* Anita Dickason, 2013 On November 22 1963 Lee Bowers Jr became a key witness to the assassination of President John F Kennedy Less than three years later he was killed in a car accident twenty seven miles south of Dallas near Midlothian Texas under mysterious circumstances Was it just a simple car accident or was Bowers killed because of what he saw on the day President Kennedy was shot and killed In *JFK Assassination Eyewitness Rush to Conspiracy* author Anita Dickason a retired accident investigator provides a step by step look into the progression of the research and analysis of the accident details treating the matter as a cold case investigation She shares how questions regarding Bowers death have added fuel to the JFK conspiracy theories in this decades old Texas mystery *JFK Assassination Eyewitness Rush to Conspiracy* examines the details of Bowers mysterious accident while providing a look into Texas history Dickason's findings offer an unexpected twist in the aftermath of the events of Lee Bowers death *Investigation of the Assassination of President John F. Kennedy*, 1964

The Guns of Dealey Plaza -- Weapons and the Kennedy Assassination John Craig, 2016-02-09 This study investigates the numerous sightings and sounds of weapons in and around Dealey Plaza on November 22 1963 as well as bullets and bullet fragments found in Dealey Plaza and experiments that employed 21st century technology to investigate details of the JFK assassination that were unavailable to the Warren Commission and the House Select Committee on Assassinations HSCA investigations High definition television high speed cameras and 3D laser scans that create accurate virtual worlds are some of the latest technical instruments used to dissect the nature of the shots fired in Dealey Plaza

The JFK Assassination Debates Michael L. Kurtz, 2006-11-08 Who killed JFK Ever since that fateful day in Dallas theories about President Kennedy's murder have proliferated running the gamut from the official lone gunman verdict to both serious and utterly screwball conspiracy theories Michael Kurtz a distinguished historian who has plumbed every crevice of this controversial case for more than thirty years now sums up and critiques four decades of debate while also offering provocative new perspectives Kurtz presents an objective accounting of what we actually know and don't know about the assassination underlining both the logic and the limitations of the major theories about the case He then offers unique interpretations of the physical and forensic evidence and of existing areas of controversy leading him to new conclusions that readers will find hard to dismiss Kurtz shows how the official investigation's egregious mishandling of the crime scene evidence related to virtually every aspect of the case is largely responsible for the lone gunman conspiracy schism that confronts us today Those responsible for that investigation including the Dallas police the FBI and the Warren Commission failed so miserably in their efforts that they would have been laughed off the air if they had been portrayed on any of TV's popular CSI series One of the few experts writing on the subject who actually met Oswald Kurtz also provides new information about the accused assassin's activities around the time of the assassination and about his double life analyzing Oswald's ties to the intelligence community to organized crime and to both anti and pro Castro Cuban activists Mustering extraordinary documentation including exclusive interviews with key figures and extensive materials declassified by the Assassination Records Review Board he both confirms and alters much previous speculation about Oswald and other aspects of the case Who really killed JFK Forty years later most Americans still feel they don't know the truth and that their own government isn't telling them the whole story This book offers a corrective to even the most recent final verdicts and establishes a sound baseline for future research

JFK and the Unspeakable James W. Douglass, 2010-10-19 THE ACCLAIMED BOOK NOW IN PAPERBACK with a reading group guide and a new afterword by the author At the height of the Cold War JFK risked committing the greatest crime in human history starting a nuclear war Horrified by the specter of nuclear annihilation Kennedy gradually turned away from his long held Cold Warrior beliefs and toward a policy of lasting peace But to the military and intelligence agencies in the United States who were committed to winning the Cold War at any cost Kennedy's change of heart was a direct threat to their power and influence Once these dark Unspeakable forces

recognized that Kennedy's interests were in direct opposition to their own they tagged him as a dangerous traitor plotted his assassination and orchestrated the subsequent cover up Douglass takes readers into the Oval Office during the tense days of the Cuban Missile Crisis along on the strange journey of Lee Harvey Oswald and his shadowy handlers and to the winding road in Dallas where an ambush awaited the President's motorcade As Douglass convincingly documents at every step along the way these forces of the Unspeakable were present moving people like pawns on a chessboard to promote a dangerous and deadly agenda

Reclaiming History Vincent Bugliosi, 2007-05-17 For fifty years the truth about the assassination of President John F Kennedy has been obscured This book releases us from a crippling distortion of American history At 1 00 p m on November 22 1963 President John F Kennedy was pronounced dead the victim of a sniper attack during his motorcade through Dallas That may be the only fact generally agreed upon in the vast literature spawned by the assassination National polls reveal that an overwhelming majority of Americans 75% believe that there was a high level conspiracy behind Lee Harvey Oswald Many even believe that Oswald was entirely innocent In this continuously absorbing powerful ground breaking book Vincent Bugliosi shows how we have come to believe such lies about an event that changed the course of history The brilliant prosecutor of Charles Manson and the man who forged an iron clad case of circumstantial guilt around O J Simpson in his best selling *Outrage* Bugliosi is perhaps the only man in America capable of writing the definitive book on the Kennedy assassination This is an achievement that has for years seemed beyond reach No one imagined that such a book would ever be written a single volume that once and for all resolves beyond any reasonable doubt every lingering question as to what happened in Dallas and who was responsible There have been hundreds of books about the assassination but there has never been a book that covers the entire case including addressing every piece of evidence and each and every conspiracy theory and the facts or alleged facts on which they are based In this monumental work the author has raised scholarship on the assassination to a new and final level one that far surpasses all other books on the subject It adds resonance depth and closure to the admirable work of the Warren Commission *Reclaiming History* is a narrative compendium of fact forensic evidence reexamination of key witnesses and common sense Every detail and nuance is accounted for every conspiracy theory revealed as a fraud on the American public Bugliosi's irresistible logic command of the evidence and ability to draw startling inferences shed fresh light on this American nightmare At last it all makes sense

JFK: The Final Chapter on the Assassination of John F. Kennedy, *Cold case Kennedy* Flip de Mey, 2013-06-05 Forensische analyse van de moord op JFK biedt sluitende hypothese voor samenzwering Jurist Flip de Mey analyseerde jarenlang het dossier van de moord op de Amerikaanse president John F Kennedy Hij boog zich opnieuw over alle originele documenten van het onderzoek en neemt zowel de verdedigers als de critici van het officiële verhaal op de korrel Vijftig jaar later komt hij tot een verrassende en baanbrekende theorie Cold Case Kennedy is het eerste boek dat systematisch alle aspecten van het moorddossier tegen het licht houdt Waarom zweeg Robert Kennedy Was er echt een magic bullet Welke rol speelde Lyndon

Johnson in het drama Was er meer dan n schutter Waarom wilde de Warrencommissie niet horen van een derde slachtoffer op Dealey Plaza Wat deed een veroordeelde gangster in het gebouw recht tegenover het Texas School Book Depository En last but not least was het offici le onderzoek het meest diepgaande ooit of was het niets meer dan een stuntelige doofpotoperatie
