The American West Stephen Aron, 2015 Familiar figures missionaries explorers trappers traders prospectors gunfighters cowboys and Indians appear in these pages So do renowned individuals such as Daniel Boone Thomas Jefferson Teddy Roosevelt and John Wayne But their stories contribute to a history of the American West that is longer larger and more complicated than we were once told This Very Short Introduction to the history of the American West stretches the chronology enlarges the geography and varies the casting *The History of Medicine: A Very Short Introduction* William F. Bynum, 2008-07-31 Against the backdrop of unprecedented concern for the future of health care this i Very Short Introduction i surveys the history of medicine from classical times to the present Focussing on the key turning points in the history of Western medicine such as the advent of hospitals and the rise of experimental medicine but also offering reflections on alternative traditions such as Chinese medicine Bill Bynum offers insights into medicine s past while at the same time engaging with contemporary issues discoveries and controversies **American History: A Very Short Introduction** Paul S. Boyer, 2012-08-16 In a miracle of concision Paul S Boyer provides a wide ranging and authoritative history of America capturing in a compact space the full story of our nation Ranging from the earliest Native American settlers to the presidency of Barack Obama this Very Short Introduction offers an illuminating account of politics diplomacy and war as well as the full spectrum of social cultural and scientific developments that shaped our country Here is a masterful picture of America s achievements and failures large scale socio historical forces and pivotal events Boyer sheds light on the colonial era the Revolution and the birth of the new nation slavery and the Civil War Reconstruction and the Gilded Age the Progressive era the Roaring Twenties and the Great Depression the two world wars and the Cold War that followed right up to the tragedy of 9 11 the wars in Iraq and Afghanistan and the epoch making election of Barack Obama Certain broad trends shape much of the narrative immigration urbanization slavery continental expansion the global projection of U S power the centrality of religion the progression from an agrarian to an industrial to a post industrial

economic order Yet in underscoring such large themes Boyer also highlights the diversity of the American experience the importance of individual actors and the crucial role of race ethnicity gender and social class in shaping the contours of specific groups within the nation s larger tapestry And along the way he touches upon the cultural milestones of American history from Tom Paine s *The Crisis* to Allen Ginsberg s *Howl* *American History A Very Short Introduction* is a panoramic history of the United States one that covers virtually every topic of importance and yet can be read in a single day

Prehistory: A Very Short Introduction Chris Gosden, 2003-06-26 This VSI to prehistory will introduce the reader to four and a half million years of human existence Many of the familiar aspects of modern life are no more than a century or two old yet our deep social structures and skills were in large measure developed by small bands of our prehistoric ancestors many millennia ago Chris Gosden invites us to think seriously about who we are by considering who we have been The idea of prehistory owes its origins to Darwin suddenly any description of human life on Earth had to take account of a much longer timespan than ever before What new views of ourselves has this new timespan opened up Chris Gosden s fascinating new book asks What relationships did our distant ancestors have with the natural world with each other and with the objects and values they created And as humanity hurtles into a future of virtual interaction and genetic manipulation what can the darkest recesses of our past teach us about our future ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable

America's Final War Andrei Martyanov, 2024-06-01 Washington s eight years of preparing Ukraine and its armed forces for war with Russia was a mistake of historic proportions due to its misperception of American military power based on its 1991 Gulf War victory against a minor military player Washington believed its own propaganda about crippling sanctions on Russia about the viability of its Ukrainian proxy army and the economic and military weakness of Russia spelling doom for the American empire and its rules based order By 2023 the Kiev regime could no longer exist without the West s support both financial and in war materiel By 2024 Russia will have not just exhausted Ukraine but also demilitarized NATO as a whole exposing the industrial and military impotence of the US and its European vassals The United States military as a whole and the USAF in particular have no resources or means to close the ever widening gap in capability between American and Russian Air Defenses insofar as such systems as the S 500 are already being produced serially in Russia with their immense range of more than 500 kilometers against aerial targets not to mention their full integration with Russia s Air Force and Air Defense The air space of Russia is becoming increasingly prohibitive to penetration by any combination of USAF and NATO forces The US has fallen behind and it won t be able to catch up
