Closer to Freedom Stephanie M. H. Camp,2005-10-12 Recent scholarship on slavery has explored the lives of enslaved people beyond the watchful eye of their masters Building on this work and the study of space social relations gender and power in the Old South Stephanie Camp examines the everyday containment and movement of enslaved men and especially enslaved women In her investigation of the movement of bodies objects and information Camp extends our recognition of slave resistance into new arenas and reveals an important and hidden culture of opposition Camp discusses the multiple dimensions to acts of resistance that might otherwise appear to be little more than fits of temper She brings new depth to our understanding of the lives of enslaved women whose bodies and homes were inevitably political arenas Through Camp s insight truancy becomes an act of pursuing personal privacy Illegal parties frolics become an expression of bodily freedom And bondwomen who acquired printed abolitionist materials and posted them on the walls of their slave cabins even if they could not read them become the subtle agitators who inspire more overt acts The culture of opposition created by enslaved women s acts of everyday resistance helped foment and sustain the more visible resistance of men in their individual acts of running away and in the collective action of slave revolts Ultimately Camp argues the Civil War years saw revolutionary change that had been in the making for decades **New York Star** ,1924
