Caribbean Anti-Trafficking Law and Practice Jason

Haynes,2019-07-11 This monograph investigates the International European and Commonwealth Caribbean approaches to human trafficking from an Analytical Eclectic perspective It presents a compelling empirically based argument that although there is currently a panoply of measures aimed at preventing human trafficking prosecuting offenders and protecting trafficked victims in both Europe and the Commonwealth Caribbean these measures have in practice been fraught with a number of challenges whether of a normative institutional or individual nature The continued existence of these challenges strongly suggests that there exists a disconnect between anti trafficking law and practice which is not peculiar to small island developing States since they also extend to developed States including the United Kingdom Although these challenges are not insurmountable this monograph advances the argument that sustained social economic political and legal commitments are both necessary and desirable and that without such commitments only pyrrhic victories would be won in the fight to eradicate the scourge of the twenty first century Given the importance of the issue of human trafficking and its inescapable impact on victims families communities nations regions and the international community as a whole this monograph will serve as an important resource for policy makers scholars students and practitioners actively working in this increasingly dynamic area of law

Legacies of Slavery and Contemporary Resistance David W. Bulla,Karen E. Bravo,Judith N. Onwubiko,Kremena Dimitrova,2023-06-02 Slavery and the past are interconnected there is a tension between a former time of human subjugation and the time after when that captivity can still be remembered In a sense this volume probes this seeming contradiction the glory of freedom s release and the tension with a past when freedom was denied It also argues that the existence of slavery in modern forms today offers continuing evidence of man s inhumanity to man and the resulting absence of freedom for millions of people

Human Trafficking Bandana Purkayastha,Farhan Navid Yousaf,2018-12-14 The last few decades have seen a huge increase in attention paid to the trafficking of human beings often referred to as modern day slavery International and national policies and protocols have been developed and billions of dollars spent to combat the issue and protect trafficking victims Yet it continues to flourish and human beings in both the Global North and the Global South continue to be degraded to the level of commodities and smuggled across borders for profit Drawing upon feminist and human rights approaches to trafficking this book links the worlds of policy protocols and social structures to the lived experience and conditions of trafficked people Recognizing that trafficking for sex labor and body parts often overlaps in a broader context shaped by poverty violence and shrinking access to rights the authors offer a more thoroughgoing account of

this social problem Only with such an integrated approach can we understand the exploitative conditions that make people vulnerable to trafficking and the progress as well as gaps in initiatives seeking to address it
