Gresham, 2015-12-15 This authoritative volume provides state of the art practices for supporting the approximately 20% of today's K-12 students who have emotional and behavioral disorders (EBD) that hinder school success. Handbook of Research on Innovative Approaches to Early Childhood Development and School Readiness Betts, Anastasia Lynn, Thai, Khanh-Phuong, 2022-02-11 School readiness is as much about schools recognizing the existing capabilities and knowledge each child has when they enter school as it is about supporting children and families in their preparation for entering formal learning environments. Effective approaches that address learning variability must take these differences into account, recognizing and leveraging opportunities inherent in the child's ecosystem of resources. The Handbook of Research on Innovative Approaches to Early Childhood Development and School Readiness assembles the most current research and thought leadership on the ways in which innovative education stakeholders are working together to impact the most critical years in a child's life: the years leading up to and including kindergarten. Covering topics such as change agency, experience quality, and social-emotional development, this book is a crucial resource for educational researchers, child development professionals, school administrators, pre-K teachers, pre-service teachers, program managers, policymakers, non-profit service organizations, early childhood EdTech developers, curriculum developers, and academicians.

Home Visitation Programs Lori Roggman, Nancy Cardia, 2015-09-17 This timely resource analyzes home visits as a primary intervention for at-risk families with infants and young children and details innovative programs for home service delivery. Contributors offer a realistic framework for planning, developing, and training an effective home visitation workforce and tailoring interventions to fit individual family dynamics. And the book's international focus provides a variety of perspectives on evidence-based programs that support families raising children in distressed neighborhoods. Among the featured topics: Home visitation as a primary prevention tool for violence; Developmental parenting; home visiting to prevent violence; Supporting the paraprofessional home visitor.
