Beyond Free College Eileen L. Strempe,Stephen J. Handel,2021-01-15 Beyond Free College outlines an audacious national agenda consistent with but far more comprehensive than the current free college movement that builds on the best of US higher education s populist history such as the G I Bill and the community college transfer function The authors align a wide constellation of higher education trends online learning prior learning assessment competency based learning high school college credit with a rapidly shifting student transfer environment that privileges college credit as the pivotal educational catalyst to boost access and completion The book s agenda seeks greater productive investment in postsecondary education by privileging a single metric lower cost per degree granted as the animating driver of a transfer pathway that will fulfill the potential of its historical progressive innovators Beyond Free College s goal is as simple as it is urgent To galvanize higher education advocates in an effort to reorganize reorient and reignite the transfer function to serve the needs of a neotraditional student population that now constitutes the majority of college goers in America and in ways that advance completion not just access to higher education

Connecting in the Online Classroom Rebecca A. Glazier,2021-12-07 Building rapport with students can revive the promise of online education leading to greater success for students more fulfilling teaching experiences for faculty and improved enrollment for universities More students than ever before are taking online classes yet higher education is facing an online retention crisis students are failing and dropping out of online classes at dramatically higher rates than face to face classes Grounded in academic research original surveys and experimental studies Connecting in the Online Classroom demonstrates how connecting with students in online classes through even simple rapport building efforts can significantly improve retention rates and help students succeed Drawing on more than a dozen years of experience teaching and researching online Rebecca Glazier provides practical easy to use techniques that online instructors can implement right away to begin building rapport with their students including proactively reaching out through personalized check in emails creating opportunities for human connection before courses even begin through a short welcome survey communicating faculty investment in students success by providing individualized and meaningful assignment feedback hosting non content based discussion threads where students and faculty can get to know one other and responding to students questions with positivity and encouragement and occasionally also

cute animal pictures She also presents case studies of universities that are already using these strategies along with specific data driven recommendations for administrators making the book valuable for faculty instructional designers support staff and administrators alike The science backed strategies that Glazier provides will enable instructors to connect with their students and help those students thrive Speaking to the paradox of online learning the book also explains that although the great promise of online education is expanded access and greater equity especially for traditionally underserved and hard to reach populations like lower income students working parents first generation students and students of color the current gap between online and face to face retention means universities are falling far short of this promise *Advanced Hybrid*
