"Dialogues on the Dhamma"; Special Issue in Commemoration of the 28th Anniversary of the Buddhist Union Francis STORY,1965 **In Dialogue with Classical Indian Traditions** Brian Black,Chakravarthi Ram-Prasad,2019-03-04 Dialogue is a recurring and significant component of Indian religious and philosophical literature Whether it be as a narrative account of a conversation between characters within a text as an implied response or provocation towards an interlocutor outside the text or as a hermeneutical lens through which commentators and modern audiences can engage with an ancient text dialogue features prominently in many of the most foundational sources from classical India Despite its ubiquity there are very few studies that explore this important facet of Indian texts This book redresses this imbalance by undertaking a close textual analysis of a range of religious and philosophical literature to highlight the many uses and functions of dialogue in the sources themselves and in subsequent interpretations Using the themes of encounter transformation and interpretation all of which emerged from face to face discussions between the contributors of this volume each chapter explores dialogue in its own context thereby demonstrating the variety and pervasiveness of dialogue in different genres of the textual tradition This is a rich and detailed study that offers a fresh and timely perspective on many of the most well known and influential sources from classical India As such it will be of great use to scholars of religious studies Asian studies comparative literature and literary theory *Into the Stream* THANISSARO BHIKKHU,2024-10-27 The Pali Canon recognizes four levels of Awakening the first of which is called stream entry This gains its name from the fact that a person who has attained this level has entered the stream flowing inevitably to nibbana He she is guaranteed to achieve full awakening within seven lifetimes at most and in the interim will not be reborn in any of the lower realms This study guide on stream entry is divided into two parts The first deals with the practices leading to stream entry the second with the experience of stream entry and its results
