Dictators' Dinners Victoria Clark, Melissa Scott, 2020-03 What did dictators eat Sometimes simply obscene amounts of the best their nations could offer but more often their humble origins or embarrassing medical conditions or simple lack of interest in food meant their tastes were unpretentious ranging from human flesh to raw garlic salad to Quality Street Here we learn of their foibles their eccentricities and their frequent terror of poisoning something no number of food tasters was ever able to assuage For a selection of 25 former national figureheads across the world each section comprises an outline of the dictator's history a short essay on their particular eating habits table manners digestive systems etc and one or two of their favorite recipes

Melillo, 2020-08-25 A fascinating entertaining dive into the long standing relationship between humans and insects revealing the surprising ways we depend on these tiny six legged creatures Insects might make us shudder in disgust but they are also responsible for many of the things we take for granted in our daily lives When we bite into a shiny apple listen to the resonant notes of a violin get dressed receive a dental implant or get a manicure we are the beneficiaries of a vast army of insects Try as we might to replicate their raw material silk shellac and cochineal for instance our artificial substitutes have proven subpar at best and at worst toxic ensuring our interdependence with the insect world for the foreseeable future Drawing on research in laboratory science agriculture fashion and international cuisine Edward D Melillo weaves a vibrant world history that illustrates the inextricable and fascinating bonds between humans and insects Across time we have not only coexisted with these creatures but have relied on them for among other things the key discoveries of modern medical science and the future of the world's food supply Without insects entire sectors of global industry would grind to a halt and essential features of modern life would disappear Here is a beguiling appreciation of the ways in which these creatures have altered and continue to shape the very framework of our existence

Idi Amin Mark Leopold, 2020-11-03 The first serious full length biography of modern Africa's most famous dictator Sharply written forensically researched A meticulous re

examination of Amin's life producing a narrative packed with original evidence and one that strives at all times to be scrupulously well balanced Paul Kenyon The Sunday Times London Idi Amin began his career in the British army in colonial Uganda and worked his way up the ranks before seizing power in a British backed coup in 1971 He built a violent and unstable dictatorship ruthlessly eliminating perceived enemies and expelling Uganda's Asian population as the country plunged into social and economic chaos In this powerful and provocative new account Mark Leopold places Amin's military background and close relationship with the British state at the heart of the story He traces the interwoven development of Amin's career and his popular image as an almost supernaturally evil monster demonstrating the impossibility of fully distinguishing the truth from the many myths surrounding the dictator Using an innovative biographical approach Leopold reveals how Amin was from birth deeply rooted in the history of British colonial rule how his rise was a legacy of imperialism and how his monstrous image was created

Ideología y maldad Antoni Talarn, 2021-02-15 La maldad nos afecta a todos Nadie sale indemne Las víctimas padecen los testigos nos indignemos más o menos sufrimos sus consecuencias globales y los victimarios han perdido en mayor o menor medida su conciencia moral y una parte de su humanidad lo que no los hace menos humanos pero sí más temibles No se trata de atormentarnos por las infinitas desgracias del mundo sin poder sentirnos felices ante las maldades conocidas a diario Pero en nuestra condición de testigos que no deseamos consentir la maldad nos apremia a reflexionar sobre el mal en especial aquel derivado de las ideologías y que por lo general se suele ejercer de forma grupal La abstención es una forma de acción y aunque el mal consentido no sea equiparable al cometido no por ello deja de ser un mal Los medios de comunicación nos muestran los horrores del mundo pero en la mayoría de las ocasiones nos quedan lejos A la distancia respecto al dolor ajeno y la visión reiterada del mismo fomentan una respuesta tenue de rápida disolución Este no es un libro de soluciones Es un libro de denuncia de descripción y un intento de comprensión que no de justificación que se propone revisar cómo las ideologías sostienen las maldades En *Ideología y maldad* Antoni Talarn nos ofrece en diálogo con muchos otros autores que han reflexionado sobre este tema un amplio repertorio de las diversas formas en que la maldad se manifiesta Pero oh sorpresa no solo analiza esas manifestaciones en el mundo actual que ocurren fuera de nuestras vidas

sino que tambi n nos descubre aquellas formas de la maldad que est n incorporadas a nuestra cultura y de las que no solemos ser conscientes y tendemos a ignorarlas Una obra que motiva a pensar y que pone a nuestro alcance herramientas que aunque no eliminen el mal s al menos nos permitan enfrentarlo y reducir la amenaza que representa La vida es muy peligrosa No por las personas que hacen el mal sino por las que se sientan a ver lo que pasa Albert Einstein Lo preocupante no es la perversidad de los malvados sino la indiferencia de los buenos Nuestra generaci n no se habr lamentado tanto de los cr menes de los perversos como del estremecedor silencio de los bondadosos Martin Luther King
