

Conversations with
Ulrich Beck

ULRICH BECK & JOHANNES WILLMS

Conversations With Ulrich Beck

Gerardo Marti, Gladys Ganiel

Conversations With Ulrich Beck:

Conversations with Ulrich Beck Ulrich Beck, Johannes Willms, 2014-10-15 In this new book Ulrich Beck and the journalist Johannes Willms engage in a series of accessible conversations that reveal and explore the key elements in Beck's thought. Ulrich Beck, one of the most important and influential contemporary social thinkers, reveals and expands his work in a series of conversations with journalist Johannes Willms. These conversations shed new light onto the major themes in Beck's work and provide an insight into some of the commitments and beliefs that they rest upon. Includes new thinking on the risk society and on globalisation themes that have put him at the forefront of contemporary debates. Written in a clear and lucid way and thus ideal for anyone seeking to come to grips with Beck's work. *Conversations with Ulrich Beck*,

Conversations with Zizek Slavoj Zizek, Glyn Daly, 2013-08-30 In this new book Slavoj Žižek and Glyn Daly engage in a series of entertaining conversations which illustrate the originality of Žižek's thinking on psychoanalysis, philosophy, multiculturalism, popular cyber culture, totalitarianism, ethics and politics. An excellent introduction to one of the most engaging and controversial cultural theorists writing today. Žižek is a Slovenian sociologist who trained as a Lacanian and uses Lacan to analyse popular culture and politics. Illustrates the originality of Žižek's thinking on psychoanalysis, philosophy, multiculturalism, popular cyber culture, totalitarianism, ethics and politics. Provides a unique glimpse of Žižek's humour and character and offers new material and fresh perspectives which will be of interest to followers of Žižek's writings. **Globalizing**

Dissent Ranjan Ghosh, Antonia Navarro-Tejero, 2009-01-13 Arundhati Roy is not only an accomplished novelist but equally gifted in unraveling the politics of globalization, the power and ideology of corporate culture, fundamentalism, terrorism and other issues gripping today's world. This volume featuring prominent scholars from throughout the world examines Roy beyond the aesthetic parameters of her fiction, focusing also on her creative activism and struggles in global politics. The chapters travel to and fro between her non-fictional works, engaging activism on the streets and global forums, and its underlying roots in her novel. Roy is examined as a novelist, non-fiction writer, journalist, activist, feminist, screenwriter, ideologist and architect. This volume presents Roy's interlocking network of the ideas, attitudes and ideologies that emerge from the contemporary social and the political world. **Conversations with Anthony Giddens** Anthony

Giddens, Christopher Pierson, 2013-06-06 Anthony Giddens has been described as the most important English social philosopher of our time. Over twenty-five years and even more books, he has established himself as the most widely read and widely cited social theorist of his generation. His ideas have profoundly influenced the writing and teaching of sociology and social theory throughout the English-speaking world. In recent years, his writing has become much more explicitly political, and in 1996 he took up his high profile appointment as Director of the London School of Economics and Political Science. It is in this new position and with these new political ideas that he has been described as the key intellectual figure of New Labour in Britain. Following the astonishing success of Labour in the 1997 General Election, his ideas have been the focus of intense

interest In this series of extended interviews with Chris Pierson Giddens lays out with customary clarity and directness the principal themes in the development of his social theory and the distinctive political agenda which he recommends This volume will be of great interest to second and third year students in sociology and social theory politics and political theory as well as to the general reader

The Age of Catastrophe John David Ebert, 2012-09-13 Disasters both natural and man made are on the rise Indeed a catastrophe of one sort or another seems always to be unfolding somewhere on the planet We have entered into a veritable Age of Catastrophes which have grown both larger and more complex and now routinely very widespread in scope The old days of the geographically isolated industrial accidents of the sinking of a Titanic or the explosion of a Hindenburg together with their isolated causes and limited effects are over Now disasters on the scale of Hurricane Katrina the BP oil spill or the Japan tsunami and nuclear reactor accident threaten to engulf large swaths of civilization This book analyzes the efforts of Westerners to keep the catastrophes outside while maintaining order on the inside of society These efforts are breaking down Nature and Civilization have become so intertwined they can no longer be separated Natural disasters moreover are becoming increasingly more difficult to differentiate from man made

The Deconstructed Church Gerardo Marti, Gladys Ganiel, 2014 The Emerging Church Movement reacts against its roots in conservative evangelicalism by deconstructing contemporary Christianity Drawing on ethnographic observations from emerging congregations pub churches neo monastic communities conferences online networks and interviews in the US UK and Ireland Gerardo Marti and Gladys Ganiel provide a comprehensive social scientific analysis of the development and significance of the ECM

Conversations with Zygmunt Bauman Zygmunt Bauman, Keith Tester, 2013-05-31 Zygmunt Bauman is one of the leading figures in contemporary social thought His work ranges across issues of ethics culture and politics It never forgets that social thought ought to help men and women make sense of their lives and aspire towards something different His books and essays always focus on the here and now violence and moral indifference globalization consumerism politics and individualization They cast a sharp eye on the panaceas of there is no alternative the embrace of community and the fads of the counselling boom through which men and women are told that they can achieve biographical solutions to what are in fact systemic problems In this new book Zygmunt Bauman and Keith Tester engage in five accessible conversations that uncover and explore the assumptions and commitments underpinning Bauman's ground breaking social thought The conversations show how those commitments have influenced Bauman's analyses of modernity postmodernity and liquid modernity The book ranges widely from autobiographical reflection through to pointers for the understanding and future of Bauman's social thought The conversations illustrate the moral substance of Bauman's refusal to accept that the world cannot be made different They show why social thought is a human necessity

Conversations with Zygmunt Bauman is a book which will offer fresh insight into Bauman's work for those who are familiar with it and provide an engaging and helpful entry point for those who are new

to it **Cultivating the Confucian Individual** Canglong Wang, 2023-06-26 This book explores the complexities of cultivating Confucian individuals through classics study in contemporary China by drawing on the individualization thesis and its implications for the Confucian education revival Based on ethnographic fieldwork conducted at a Confucian classical school three topics are investigated parents narratives and actions related to dis embedding their children from mainstream state education and transferring them to Confucian education as an alternative the specific discourses and practices of teaching and learning the classics in everyday school life guided by the aim of training students to become autonomous learners and the institutional and subjective dilemmas that arise when parents and students seek to re embed themselves in either the state education system or further Confucian studies at an advanced academy for the next stage of education The research presented in this book contributes to understanding the hidden dynamics of individualization in the Confucian education revival and the intricacies of subject making through Confucian teaching and learning in the socialist state of China

Moral Minefields Shai M. Dromi, Samuel D. Stabler, 2023-08-18 An analysis of the effects of moral debates on sociological research Few academic disciplines are as contentious as sociology Sociologists routinely turn on their peers with fierce criticisms not only of their empirical rigor and theoretical clarity but of their character as well Yet despite the controversy scholars manage to engage in thorny debates without being censured How In *Moral Minefields* Shai M Dromi and Samuel D Stabler consider five recent controversial topics in sociology race and genetics secularization theory methodological nationalism the culture of poverty and parenting practices to reveal how moral debates affect the field Sociologists they show tend to respond to moral criticism of scholarly work in one of three ways While some accept and endorse the criticism others work out new ways to address these topics that can transcend the criticism while still others build on the debates to form new more morally acceptable research *Moral Minefields* addresses one of the most prominent questions in contemporary sociological theory how can sociology contribute to the development of a virtuous society Rather than suggesting that sociologists adopt a clear paradigm that can guide their research toward neatly defined moral aims Dromi and Stabler argue that sociologists already largely possess and employ the repertoires to address questions of moral virtue in their research The conversation thus is moved away from attempts to theorize the moral goods sociologists should support and toward questions about how sociologists manage the plurality of moral positions that present themselves in their studies Moral diversity within sociology they show fosters disciplinary progress
