You will become acquainted with online and offline corpora, the web as corpus and will be able to deliver native like translations in different sectors. This book is unique because not only does it clearly show how corpora and the web can be consulted to obtain relevant and reliable information in the field of technical translations but it also provides the reader with a collection of electronic texts which can be consulted to translate the documents proposed in each chapter. In this way the user will learn how to use corpora successfully by self practising and will have free databases in economics, business and medicine for his/her own use.
