The Shakespeare Conundrum E.C. Ayres, The controversy over the authorship of Shakespeare is two centuries old and the doubters were numerous Mark Twain Samuel Taylor Coleridge Walt Whitman Henry James Ralph Waldo Emerson Charles Dickens Sigmond Freud Charlie Chaplin even Orson Welles questioned the veracity of Shakespeare as author For starters the man had no known education He was raised by illiterate parents in a rural farm village where the local school only had three grades But even that much schooling is in doubt because there is no evidence he was ever registered there or anywhere as a student He signed his wedding certificate with an x His will included no books not even a bible and his gravestone epitaph is superstitious and illiterate So who was the true author Once again the evidence is extensive and conclusive and points in a single direction to a man forced to live in exile sending plays from Italy to the Globe where Shakespeare whose three roles in the company actor producer and author assured that he would be first to receive anything then he simply stamped his name on them Four centuries of grave injustice cannot easily be overcome But this is a start

Cat Conundrum, a Crazy Cat Lady Cozy Mystery #7 Hunt Mollie (author),1901 The Cougar Conundrum Mark Elbroch,2020-08-13 The relationship between humans and mountain lions has always been uneasy

A century ago mountain lions were vilified as a threat to livestock and hunted to the verge of extinction. In recent years this keystone predator has made a remarkable comeback but today humans and mountain lions appear destined for a collision course. Its recovery has led to an unexpected conundrum. Do more mountain lions mean they're a threat to humans and domestic animals? Or are mountain lions still in need of our help and protection as their habitat dwindles and they're forced into the edges and crevices of communities to survive? Mountain lion biologist and expert Mark Elbroch welcomes these tough questions. He dismisses long-held myths about mountain lions and uses groundbreaking science to uncover important new information about their social habits. Elbroch argues that humans and mountain lions can peacefully coexist in close proximity if we ignore uninformed hype and instead arm ourselves with knowledge and common sense. He walks us through the realities of human safety in the presence of mountain lions, livestock safety, competition with hunters for deer and elk, and threats to rare species, dispelling the paranoia with facts and logic. In the last few chapters he touches on human impacts on mountain lions and the need for a sensible management strategy. The result, he argues, is a win-win for humans, mountain lions, and the ecosystems that depend on keystone predators to keep them in healthy balance. *The Cougar Conundrum* delivers a clear-eyed assessment of a modern wildlife challenge, offering practical advice for wildlife managers, conservationists, hunters, and those in the wildland-urban interface who share their habitat with large predators. *CONUNDRUM* Ray J.

Jones, 2013-10-30 A small group of men and women meet in wartime to journey on a path that crosses time and space boundaries. John Devine, a writer of ghost stories, gets employed by a government department run by the mysterious Colonel Draft, who specialises in watching subversives. Both unwittingly become joined to an ancient order going back to Elizabethan times, whose initiates include those at the very top of power. But it seems the order has a German branch, not to mention an American one, whose interests interweave across the next two centuries with an incredible synchronicity. Nazi plots to use occult secrets to win the war are just the beginning of a web that seems to have been previously spun by sinister forces that reach into the present day. From war-torn London to the Sussex coast to the American Midwest, *Conundrum* is the first volume in the *Other Bodies* trilogy of novels going beyond the physical limits of time and place into worlds forbidden, mysterious, and far outside our understanding.
